may not be available.

Prior to submitting its offer it is advisable that the vendor visit the site of the proposed work and become familiar with any conditions which may in any manner affect the work to be done or affect the equipment, materials and labor required. The vendor is also advised to examine carefully the drawings and specifications and to become thoroughly aware regarding any and all conditions and requirements that may in any manner affect the work to be performed under the contract. No additional allowances will be made because of lack of knowledge of these conditions.

Section 2.5: Term of Contract – Twelve (12) Months

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter which is distributed by the County's Department of Procurement Services; and contingent upon the completion and submittal of all required pre-award documents. The initial contract term of the contract shall remain in effect for twelve (12) months, and then the contract will remain in effect until completion of the expressed and/or implied warranty period. The contract prices resultant from this solicitation shall prevail for the full duration of the initial contract term unless otherwise indicated elsewhere in this document.

Section 2.6: Option to Renew for Four (4) Additional Year(s) (With Price Adjustment)

Prior to, or upon completion, of the initial term of this contract, the County shall have the option to renew this contract for an additional four (4) one (1) year period(s). Prior to completion of each exercised contract term, the County may consider an adjustment to price based on changes in the Consumer Price Index. It is the vendor's responsibility to request in writing any pricing adjustment under this provision. For any adjustment to commence on the first day of any exercised option period, the vendor's written request for adjustment should be submitted prior to expiration of the then current contract term. The vendor adjustment request must clearly substantiate the requested increase. The written request for adjustment should not be in excess of the relevant pricing index change. If no adjustment request is received from the vendor, the County will assume that the vendor has agreed that the optional term may be exercised without pricing adjustment. Any adjustment request received after the commencement of a new option period shall not be considered.

The County reserves the right to reject any written price adjustments submitted by the vendor and/or to not exercise any otherwise available option period based on such price adjustments. Continuation of the contract beyond the initial period, and any option subsequently exercised, is a County prerogative, and not a right of the vendor. This prerogative will be exercised only when such continuation is clearly in the best interest of the County.

Section 2.7: Method of Payment - Lump Sum Payment After Work is Completed

Upon completion and acceptance of the work required in conjunction with this contract, the vendor(s) shall submit one lump sum invoice that reflects the total value of the project. This invoice shall be submitted to the County user department(s) that accessed the contract through a purchase order.

All invoices shall contain the contract and/or purchase order number, date and location of delivery or service, and confirmation of acceptance of the goods or services by the appropriate County representative. Failure to submit invoices in the proscribed manner will delay payment, and the vendor may be considered in default of contract and its contract may be terminated. Payments shall be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, Florida Statutes.

Section 2.8: Insurance

Each vendor shall include in its solicitation response package proof of insurance capabilities, including but not limited to, the following requirements: [This does not mean that the vendor must have the coverage prior to submittal, but, that the coverage must be purchased and in place prior to a purchase order or contract being executed by the County.]

A certificate of insurance indicating that the awarded vendor has coverage in accordance with the requirements of this section shall be furnished by the vendor to the Contracting Officer within five (5) working days of such request and before any work begins.
