### ADDENDUM NO. 1

Date: June 10, 2009

BID No. 09-0614

This addendum is being issued to make the following changes, corrections, clarifications and additions to the bidding document. The information in this addendum modifies and changes the original bidding documents and takes precedence over the original documents. **Respondents shall acknowledge receipt of this addendum by completing this form and returning it with the response. Failure to acknowledge this addendum may preclude consideration of the bid proposal award.**

**ADD: Add to Attachment 1 - Agreement, Exhibit B - Technical Requirements, Section 1.4 Materials, b) Backer Rod: Clarification – Backer Rod as specified is part of crack seal with routing and the cost shall be considered as part the bid price.**

**ADD: Add to Attachment 1 - Agreement, Exhibit B – Technical Requirements, Section 2.5 Surface Preparation, i) Rut Filling: Rut fill payment shall be determined by taking a measurement of the depth over the area to be filled. A measurement shall be taken every one hundred (100) feet with a minimum of four measurements being taken. If the area is not long enough to take enough measurements to make the minimum quantity then measurements can be taken in smaller increments. The average of all measurements taken will be used to determine the depth of fill needed. This average shall be used to determine the proper rate that will be used for the calculation of payment. Payment shall made on a per square yard of area filled multiplied by the cost as shown on the bid sheet Items 3A, 3B, 3C, OR 3D.**

**ADD: Add to Attachment 1 – Agreement, Exhibit E – Contractor Pricing, Items 3A, 3B, 3C, or 3D:**
