

Addendum #2
Pear Park Entrance Road
Project No. 2010-17
Bid No. 10-0028

This addendum is being issued to make the following changes, corrections, clarifications and additions to the bidding document. The information in this addendum modifies and changes the original bidding documents and takes precedence over the original documents. **Receipt of this addendum shall be acknowledged by the bidder by signing and dating the appropriate line on page W-7 of the bid proposal.** Failure to acknowledge this addendum may preclude consideration of the bid proposal for award.

CHANGE TO ADDENDUM #1

- ❖ Originally stated in addendum #1 was to bid to construct as per the construction plans two 12' lanes and a 12' trail. Change to bid to install a 6" yellow thermoplastic stripe to separate the trail from the edge of the roadway.

Question and Answers:

- Q. The bid form has line items, but no quantities. Is the County providing quantities for the bid form?
 - A. No, this is a lump sum contract. The contractor shall provide the bid quantities.

- Q. Sheet 3 of 20 has a note stating "repave existing road" to a limit, and another note stating "pave existing dirt road". The Cross section sheets show new stabilizer, base and asphalt being constructed for the entire project. Does the entire project get new stabilizer, base and asphalt, or is a portion of the project simply getting an asphalt overlay?
 - A. Refer to the station numbers on the tabulation of quantity sheet for the locations that are included in this project. Bid to construct in these areas only. The area of the existing paved road is not included in this project. Please refer to addendum #1 for changes in the construction plans.
