ADDENDUM NO. 1

Date: March 22, 2012

Invitation to Bid (ITB) No. 12-0807

Clay for County Ballfields

It is the vendor's responsibility to ensure their receipt of all addenda, and to clearly acknowledge all addenda within their initial bid or proposal response. Acknowledgement may be confirmed either by inclusion of a signed copy of this addendum with the initial bid or proposal response, or by completion and return of the addendum acknowledgement section of the solicitation. Failure to acknowledge each addendum may prevent the bid or proposal from being considered for award.

This addendum ___ does X does not change the date for receipt of bids or proposals.

The purpose of this addendum is to provide confirming information to all potential responding vendors in association with the cited Invitation to Bid. The information provided herein summarizes discussions at the pre-bid meeting and a response to an associated subsequent question

General Discussion:

The pre-bid conference commenced with a general review of the ITB with specific emphasis paid to the indefinite quantity nature of the purchase, the experience requirement stated in ITB provision 1.3, the examination of site provision 1.4 and its associated confirmation in the pricing tables, the bid completion directions stated in provision 1.13, the E-verify requirement stated in provision 1.24, and the need to submit a 5lb bag sample of the specific clay being proposed by the responding vendor with the initial bid response. It was stressed that appropriate equipment must be used on the ballfield areas. The pricing tables were reviewed to confirm that the unit pricing is based on the full 18 cubic yard quantity, and is not to be priced on a per cubic yard basis. Questions and responses that arose during the conference itself are as follows:

Questions and Answers

Question 1: Is use of a laser grading required?

Answer 1: Yes, The "finish grade" section of the Statement of Work is amended to read "The infield clay area shall be *laser* graded to the fine grade."

Question 2: Can the sample bag of clay be provided prior to bid opening?

Answer 2: Yes

Question 3: Is the contractor responsible for the edging of turf lines and clay lines?

Answer 3: No

Question 4: Will all deliveries be for the full 18 cubic yard quantity?

Answer 4: Yes, as storage areas are available.

There were no more questions at that point. It was stated that any questions that arose during the course of those visits should be directed in writing to the contracting officer. The following question was subsequently submitted:

Question 4: Please clarify that when clay is delivered, that it is to be placed in storage bin, and carried from bins, or can clay be dumped by entry gates to each field?

Answer 4: Clay is to be delivered and placed in storage bin and carried from bins.
