Section 1.3: Method of Award in the County's Best Interests

As the best interests of the County may require, the County reserves the right to make award(s) to one or more vendor(s) on a lowest price basis by individual item, group of items, all or none, or a combination thereof; to reject any and all offers or waive any minor irregularity or technicality in bids received.

Section 1.4: Pre-Bid Conference / Site Visits

Not applicable to this solicitation

Section 1.5: Term of Contract – Twelve (12) Months

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter distributed by the County's Office of Procurement Services; and contingent upon the completion and submittal of all required pre-award documents. The initial contract term shall remain in effect for 12 months, and then the contract will remain in effect until completion of the expressed and/or implied warranty period. The contract prices resultant from this solicitation shall prevail for the full duration of the initial contract term unless

otherwise indicated elsewhere in this document.

Section 1.6: Option to Renew for Four (4) Additional One (1) Year Period(s) (With Price Adjustment)

Prior to, or upon completion, of the initial term of this contract, the County shall have the option to renew this contract for four (4) additional one (1) year period(s). Prior to completion of each exercised contract term, the County may consider an adjustment to price based on changes in the following pricing index: Producer Price Index as detailed in preview 1.6.1 below. It is the vendor's responsibility to request in writing any pricing adjustment under this provision. The vendor's written request for adjustment should be submitted thirty (30) calendar days prior to expiration of the then current contract term. The vendor adjustment request must clearly substantiate the requested increase. The written request for adjustment should not be in excess of the relevant pricing index change. If no adjustment request is received from the vendor, the County will assume that the vendor has agreed that the optional term may be exercised without pricing adjustment. Any adjustment request received after the commencement of a new option period shall not be considered.

The County reserves the right to reject any written price adjustments submitted by the vendor and/or to not exercise any otherwise available option period based on such price adjustments. Continuation of the contract beyond the initial period, and any option subsequently exercised, is a County prerogative, and not a right of the vendor. This prerogative will be exercised only when such continuation is clearly in the best interest of the County.

Section 1.6.1: Price Redetermination – Limerock

No less than thirty (30) days prior to completion of each exercised contract term, the Contractor may submit a request and the County may consider a price adjustment based on changes in the following PPI pricing index:

Series ID: PCU212312212312
Industry: Crushed and broken limestone mining 212312
Product: Crushed and broken limestone mining 212312212312

This information can be found at the Bureau of Labor Statistics web site at the following address:
<http://data.bls.gov/PDQ/outside.jsp?survey=pc>

When on this page click on "Series Report", enter the above stated Series ID, then click "Retrieve Data".

All adjustments shall be determined by calculating the difference between the base index and the current index and the limerock cost per ton given by the Contractor. The base index shall be determined and set at the time of the closing of this bid. All subsequent adjustments shall be made based on the index available on the 25th day of the previous month that the request has been made and shall be based on unrevised indexes. If for some reason the information for the previous month has not been updated, the price will be calculated from the month prior to that. Any increase or decrease in the contract price(s) shall be then applied to the current cost by using

the PPI. Any increase or decrease in the contract price(s) shall only be applied to new work requests that are dated after the price adjustment. No price adjustment shall be given for a work request that has previously been issued.

The following is the guideline to be used to complete the calculation:

Divide the current index value by the index value recorded on the closing bid date, which represents the base period, and then multiply this percentage by the base cost of the limerock at the closing bid date to ascertain the new cost of the limerock.

Example

Base index at time of bid closing	=110.0
Index on the 25 th of the month	=115.5
Base cost per ton of limerock	=\$100.00

1. Index at time of calculation	115.5
2. Divided by index at time base price was set	110.0
3. Equals (5% increase)	1.050
4. Base price (100.00) x price index calculation (1.05)	\$105.00
5. New cost per ton of limerock (5% increase)	\$105.00

Line item (unit) cost change at 5.0 percent in cost of limerock:

1. Base cost per ton of Limerock	\$100.00
2. Percent of item price for Limerock	0.05
3. Dollar Value by % increase (5%)	\$ 5.00
4. New unit price per ton is	\$105.00

If it is determined to be in the best interest of the County the County may also exercise the option of a price adjustment at other times during the term of the contract.

Section 1.6.2: Price Redetermination – Fuel (Current Fuel Base Index Number to be inserted on Section 4 – Pricing Section, Page 24, when Bid is submitted)

If the below-identified price index for fuel (gas and/or diesel as applicable to the vendor's operation) increases by ten percent (10%) or more from the price index in effect on the beginning date of any contract resulting from this solicitation, the vendor may petition the Procurement Services Director in writing for an appropriate increase in the contract price(s). Any increase in the contract price(s) will be applied considering the relation of fuel cost to the contractor's total cost for the contracted product or service.

Any price re-determination will be solely based upon the percentage change between the base index and the current month index as documented by the:

State of Florida Department of Management Services

http://www.dms.myflorida.com/business_operations/state_purchasing/vendor_information/st

ate contracts agreements and price lists/state term contracts/bulk fuel gasoline and diesel for unleaded gas, Florida PAD 1, Orlando

The base index will be the index number for the month prior to the bid due date stated in the solicitation. The current month index will be the last month's index published before the request for a price re-determination is made.

The vendor shall provide (in writing) a cost analysis as described below for each contract price for which the vendor is requesting adjustment. This analysis must include the percentage increase calculation between the base and current month indices; a clear and detailed representation of the fuel cost component of any contract price for which an adjustment is requested; and a calculation showing the original contract price, the requested adjustment, and the proposed revised price. As an example: if the fuel index increases by twelve percent (12%) and the fuel cost accounts for ten percent (10%) of the cost of the product or service, then the contract price may be increased by 1.2 % ($0.12 * 0.10$). The vendor may submit additional clarifying or justifying information for the County's consideration. Failure to provide sufficient detail in the manner described above shall result in rejection of the vendor's request for pricing adjustment.

If the Procurement Services Director grants any increase in any contract price based upon this clause, the increased price(s) may be adjusted downward on a unilateral basis by the County if the fuel index(es) used to support any previous increase then decrease by ten percent (10%) or more. Any such decrease will be based on the calculations submitted by the vendor pertaining to any previous price increase.

This clause may be used in addition to any other price redetermination clause in this invitation/contract.

Section 1.7: Method of Payment

The vendor(s) shall submit invoices to the County user department(s) after each individual purchase has been completed. In addition to the general invoice requirements set forth below, the invoices shall reference, as applicable, the corresponding delivery ticket number, packing slip number, or other acceptance document that was signed by an authorized representative of the County user department at the time the items were delivered and accepted. Submittal of these periodic invoices shall not exceed thirty (30) calendar days from the delivery of the goods or services. Under no circumstances shall the invoices be submitted to the County in advance of the delivery and acceptance of the items.

All invoices shall contain the contract and/or purchase order number, date and location of delivery or service, and confirmation of acceptance of the goods or services by the appropriate County representative.
