Section 1.3: Method of Award

As the best interests of the County may require, the County reserves the right to make award(s) on a lowest price basis by individual item, group of items, all or none, or a combination thereof; with one or more vendor(s); to reject any and all offers or waive any minor irregularity or technicality in bids received. Contract awards may be made to multiple vendors within towing classes to assure availability. The lowest bidder of a towing class will be given the first opportunity to perform work under the contract.

Section 1.4: Pre-Bid Conference / Site Visits

Not applicable for this solicitation.

Section 1.5: Term of Contract

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter distributed by the County's Office of Procurement Services; and contingent upon the completion and submittal of all required pre-award documents. The initial contract term shall remain in effect for twelve (12) months, and then the contract will remain in effect until completion of the expressed and/or implied warranty period. The contract prices resultant from this solicitation shall prevail for the full duration of the initial contract term unless otherwise indicated elsewhere in this document.

Section 1.6: Option to Renew

The County shall have the option to renew this contract for two (2) additional one (1) year period(s). Prior to completion of the initial and each exercised contract term, the County may consider an adjustment to price based on changes as published by the U.S. Department of Labor, Bureau of Labor Statistics (<http://www.bls.gov>), Wage, Earnings and Benefits Calculators. It is the vendor's responsibility to request any pricing adjustment under this provision. The vendor's written request for adjustment should be submitted thirty (30) calendar days prior to expiration of the then current contract term. The vendor's request must clearly substantiate the requested increase by including copies of the published rate index and other backup documentation. The written request for adjustment should not be in excess of the relevant pricing index change. If no adjustment request is received from the vendor, the County will assume that the vendor has agreed that the optional term may be exercised without pricing adjustment. Any adjustment request received after the commencement of a new option period shall not be considered.

The County reserves the right to reject any written price adjustments submitted by the vendor and/or to not exercise any otherwise available option period based on such price adjustments. Continuation of the contract beyond the initial period, and any option subsequently exercised, is a County prerogative, and not a right of the vendor. This prerogative will be exercised only when such continuation is clearly in the best interest of the County.

Section 1.6.1: Price Redetermination - Fuel

If the below-identified price index for fuel (gas and/or diesel as applicable to the vendor's operation) increases by ten percent (10%) or more from the base index as defined below, the vendor may petition the Procurement Services Manager in writing for an appropriate increase in the contract price(s). Any increase in the contract price(s) will be applied considering the relation of fuel cost to the vendor's total cost for the contracted product or service.

Any price re-determination will be solely based upon the percentage change between the base index and the current month index as documented by the State of Florida Department of Management Services for unleaded gas, Florida PAD 1, Orlando. Information can be found on their website at:

http://www.dms.myflorida.com/business_operations/state_purchasing/vendor_information/state_contracts_agreements_and_price_lists/state_term_contracts/bulk_fuel_gasoline_and_diesel

The base index will be the index number for the month prior to the bid due date stated in the solicitation. The current month index will be the last month's index published before the request for a price re-determination is made.

The vendor shall provide (in writing) a cost analysis as described below for each contract price for which the vendor is requesting adjustment. This analysis must include the percentage increase calculation between the base and current month indices; a clear and detailed representation of the fuel cost component of any contract price for which an adjustment is requested; and a calculation showing the original contract price, the requested adjustment, and the proposed revised price. As an example: if the fuel index increases by twelve percent (12%) and the fuel cost accounts for ten percent (10%) of the cost of the product or service, then the contract price may be increased by 1.2 % ($0.12 * 0.10$). The vendor may submit additional clarifying or justifying information for the County's consideration. Failure to provide sufficient detail in the manner described above shall result in rejection of the vendor's request for pricing adjustment.

If the Procurement Services Manager grants any increase in any contract price based upon this clause, the increased price(s) may be adjusted downward on a unilateral basis by the County if the fuel index used to support any previous increase then decrease by ten percent (10%) or more. Any such decrease will be based on the calculations submitted by the vendor pertaining to any previous price increase.

This clause may be used in addition to any other price redetermination clause in this invitation/contract.

Section 1.7: Method of Payment

The County shall provide periodic payments for services rendered by the vendor. In order for the County to provide payment, the vendor shall submit a fully documented invoice that provides the basic information set forth below. The invoice shall be submitted to the appropriate County department within fourteen (14) calendar days after the service has been rendered. It shall be understood that such invoices shall not be submitted for payment until such time as the service has been completed and a County representative has reviewed and approved the service.

All invoices shall contain the contract and/or purchase order number, date and location of service, and confirmation of acceptance of the service by the appropriate County representative. Failure to submit invoices in the prescribed manner will delay payment, and the vendor may be considered in default of contract and its contract may be terminated. Payments shall be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, Florida Statutes.

After inspection of the towed vehicle by the authorized County employee the towing ticket or invoice shall be signed by the same. An invoice shall not be paid without this signature. Any visible damage incurred during the tow shall be identified on the invoice.

In addition to the above information, each invoice submitted for payment shall include the following backup documentation and information:

1. The name of the County employee requesting and authorizing the tow.
2. Date and time of pick up, location or address of pickup, and the reason for the pickup.
3. Description of vehicle towed to include the make, unit number, license number, color, and number of pieces.
4. Location or address of final destination with the date and time of completion at the final destination.
5. Odometer readings of point of pick up and final destination.
6. Number of wreckers utilized, number of personnel, number of recovery hours, and any additional services and/or non-standard tows.
7. Signature of authorized County representative, and any comments for receiving the unit at final destination. In the case of services provided after hours and or on weekends if an authorized County employee is not available - the vendor shall secure a signature within the next 24 hours or the next business day, whichever is sooner. Unsigned towing tickets are not eligible for payment authorization.
8. Toll charges, if any, shall be paid from point of pick up to final destination at vendor's cost. Original toll receipts shall accompany the specific invoice for payment. Tolls reasonably incurred by the vendor in support of an authorized pickup shall be reimbursed. Tolls will not be reimbursed without the original receipt.

Failure to submit invoices in the prescribed manner will delay payment, vendor may be considered in default of contract and its contract may be terminated.

Section 1.8: Insurance
