ARM-O-BUNK

19793MB

FEATURES

A sleep solution for the toughest of conditions, the Arm-O-Bunk was developed specifically to U.S. Department of Defense specifications, addressing the need for rapid deployment, minimal footprint, and comfortable strength for U.S. troops.

- Modular, portable, compact and ultra strong
- Patented disc system allows for quick, no tool or screw assembly
- Adjusts to uneven ground and wider than any standard cot
- Bunkable to maximize floor space and converts to a sitting bench or two single cots
- No mattress required, instead a comfortable sleeping deck offering firm support - durable and water and stain resistant
- Fully collapsible with loose pieces packed neatly into a canvas carry bag for easy transportation
- Add on accessories available include a footlocker, IV stand, mosquito net and frame and cabinet
- Spare parts are available and can be purchased as single items

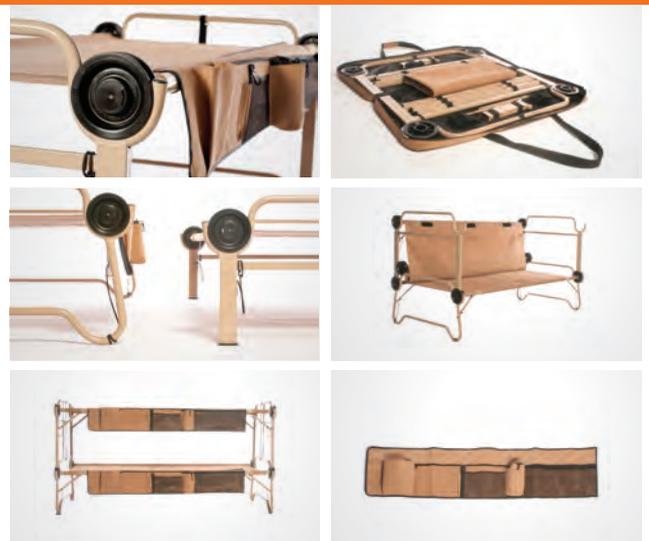

Also available with a footlocker (Item # 19793MBF)

SPECIFICATIONS

- Beige, powder coated, anti rust steel frame
- Tan 900D polyester fabric
