Preservation of wildlife.

5. What are your thoughts about the Lake County Comprehensive Plan process?

It's a good idea and I hope it works.

Well organized. Included excellent opportunities for citizen questions and comments.

6. Additional Comments:

Should advertise in library and local stores before meeting.

*(Staff would like to note that the meetings were advertised in libraries and the newspaper, and postcards were sent to civic organizations.

Amye King conducted a very informative meeting.

We are flooding again in Deerhaven. The natural drainage area has been blocked by heavy equipment used in forestry harvesting.

We have had problems since the area just south of North Boulevard was cleared using bulldozers. The area that had always washed out

on 540 no longer is wet and the community fills up like a dish. We need an outlet for our excess water that does not require periodic pumping after septic tanks are flooded.

I appreciate the time and expertise used by the members of the citizen's advisory committee and Lake County staff members.
