

Training/Quality Control Session for Adopt-a-Lake Water Quality Monitors
and
Illicit Discharge Detection Training Session
Monday September 21, 2009
Lake Idamere Park located on CR448 in Tavares (between Hwy 19 and CR 561)

AGENDA

- 8:30 – 10:00 New Monitors - Water Quality Training Session
(refresher for existing monitors that would like to come)
- 9:15 – 10:00 Existing Monitors – Quality Control Session
Bring your equipment with you; we will exchange chemicals at this
time as well (please attend if you have been sampling longer than 6
months and have not attended a QC session yet)
- 10:00 – 10:30 Any Interested Parties – Illicit Discharge Detection Training Session
Illicit Discharges can be harmful to our natural water bodies – come
find out how you can help us spot an illicit discharge and what to do
when you do spot one.

To ensure we have enough materials for everyone, please R.S.V.P. by Thursday Sept. 17th to
Cathie Catusus at cmcgwier@lakecountyfl.gov
