Discussion of Agenda

Regarding PH#15-09-5, Colonial Square Shopping Center, Inc./Leslie Campione, P.A./Riverview Cottages, Brian Sheahan, AICP, Planning Director, noted a correction on Page 2 of the Ordinance. Under Section A. Land Use, 1.f. should read nine (9) instead of eight (8). With that correction, staff felt this case could remain on the consent agenda.

Egor Emery asked that PH#15-09-5 be removed from the consent agenda and placed on the regular agenda.

CASE NO.: PH#15-09-5

AGENDA NO.: 1

OWNER: Colonial Square Shopping Center, Inc.
APPLICANT: Leslie Campione, P.A.
PROJECT NAME: Riverview Cottages

Since Egor Emery had requested this be removed from the consent agenda and placed on the regular agenda, Timothy Morris suggested Mr. Emery explain the issues he had with this case. Mr. Emery stated that he felt the request for fuel storage and cottages is a substantial change from what had been approved previously. He would like to know the physical location of the fuel storage facility. He also had a concern about amending the Land Development Regulations (LDRs) in this way.

Rick Hartenstein, Senior Planner, presented the case and staff recommendation of approval with nine cottages. He showed the aerial from the staff report on the screen. He submitted an aerial showing the uses in the area as County Exhibit A and a site plan as County Exhibit B. When Mr. Emery asked if there were any other fuel storage facilities in the area, Mr. Hartenstein said he did not know. He explained that the number of units changed from eight to nine to include an existing building that will be refurbished to use as a cottage. Mr. Hartenstein added that the fuel storage facility would be permitted through the State government as part of the development review process. It would be located away from the wetland areas.

Chairman Bryan confirmed with Mr. Hartenstein that this request would not be amending the LDRs.

Mr. Morris felt this request would bring a positive change to the area as well as provide tax revenue.

When James Gardner asked about sanitary sewer, Mr. Hartenstein read an e-mail (County Exhibit C) into the record regarding the availability of both central water and sewer. Mr. Hartenstein said this would be addressed during site plan review.

MOTION by Timothy Morris, SECONDED by Scott Blankenship to recommend approval of the request to add the use of a fuel storage/pumping facility and nine rental cottages/motel to the uses authorized by Ordinance #76-86 and Resolution #1994-104. These ordinances are proposed to be rescinded and replaced by a new ordinance in PH#15-09-5. The site is currently approved for a marina with office, boat repair and sales facility, boat storage/dockage and restaurant.

AGENDA NO.: 2

OWNER: Lake County Board of County Commissioners
APPLICANT: Wendy Breeden, Director of Public Resources,
on behalf of the County

PROJECT NAME: Lake May Reserve

Melving Isaac, Planner, presented the case and staff recommendation of approval. He showed the aerial from the staff report on the screen.

Chairman Bryan felt this will be a wonderful recreational facility for the public. When he asked if the entrance road off CR44A would be the single entrance, David Hansen, Public Lands Program Manager, said that based on the topography, that is the most level spot on the property. However, a decel lane will be needed. He informed Egor Emery that the current single-lane dirt road that runs down the middle of the grove from the entrance would remain. The active grove would also remain.

MOTION by James Gardner, SECONDED by Scott Blankenship to recommend approval of CFD zoning to allow conservation and passive recreational uses in PH#16-09-4.
