

WEATHER RADIOS SAVE LIVES

Thunderstorms, tornadoes, floods, hurricanes, bomb scares, chemical spills and wildfires. These are just a few of the potential hazards in Lake County.

Having a battery operated, tone-alert NOAA Weather Radio in your home is like having your own personal tornado siren – only it will alert you of all these impending dangers. In every home, a weather radio should be as common as a smoke detector.

A weather radio broadcasts National Weather Service warnings, watches, forecasts and other non-weather related hazard information 24 hours a day. During an emergency, the weather service forecasters interrupt routine broadcasts and send a special tone activating local weather radios. Weather radios equipped with a special alarm tone feature sound an alert to give you immediate information about a life-threatening situation.

AlertLake is Lake County's public safety warning system capable of warning Lake County residents of an immediate emergency, such

as a missing person, hazardous materials spill, law enforcement advisories and wildfire and tornado warnings issued by the National Weather Service. Alerts can be sent to your home, cellular and Voice over Internet Protocol (VoIP) phones as well as email accounts.

Current landline telephone users (listed and unlisted) are already registered. Residents can register up to seven phone numbers and three e-mail addresses. To register for AlertLake, log on to www.lakecountyfl.gov, keyword search "AlertLake".

STOCK A DISASTER-SUPPLY KIT

When a disaster strikes, it may not leave your family much time to prepare. After a disaster, local emergency officials and relief workers will be on the scene, but they will not be able to reach everyone immediately. It could take hours or even days before help can get to your neighborhood. Preparing a disaster supply kit will help your family better cope with the situation. Some necessary items in every disaster supply kit include:

- One gallon of water per person for five days
- Enough non-perishable food for the household for at least five days
- A non-electric can opener; cooking tools and fuel; paper plates & towels; and plastic utensils & cups
- Toiletries, such as toothpaste and brush; deodorant and soap; shaving equipment; personal hygiene supplies; shampoo; wash cloth and towel; and toilet paper
- Garbage bags, resealable plastic bags and tarps
- Supplies for infants, including diapers and formula
- Supplies for senior citizens, including special dietary considerations and incontinence pads
- At least a two-week supply of prescribed family medicines, as well as a typical first-aid kit with bandages, antibiotic cream, headache medicine and antacids
- Blankets, pillows, extra clothing
- Battery-powered NOAA weather radio, HDTV and flashlight; and extra batteries
- A waterproof container with extra cash and important documents, such as insurance, bank account and Social Security cards
- A list of important phone numbers including the family's local pharmacy, doctors and designated contacts the family can call in case of an emergency
- Camera to record damage to property
- Rain gear and hard sole shoes
- Cleaning supplies and equipment
- Pet supplies including food water and medicines

SHELTER SURVIVAL KIT

If you decide to evacuate from your residence before a hurricane strikes — or if authorities tell you to evacuate — take only items that are essential to you. Space is limited as each person in the shelter is allotted only 20 square feet. Items to include in a shelter survival kit are:

- Blankets, pillows and sleeping bags
- Two-week supply of prescribed medications
- Toiletries
- Extra clothing
- Battery-operated radio and flashlight
- Personal items including books and toys
- Infant necessities and senior supplies
- Important papers such as valid identification

FREQUENTLY ASKED QUESTIONS

What is the public-shelter registry program?

A new program for the Lake County Emergency Management Division, the public-shelter registry program helps Emergency Management with assisting residents who may not have reliable transportation to a public shelter.

Who should sign up for the public-shelter registry?

The program is for Lake County residents who feel they may have to stay at a public shelter during a disaster such as a hurricane. It is not necessary to sign up for the program, but residents who may need transportation to a shelter are encouraged to participate in the program.

How do I register for the public-shelter registry?

To receive a public-shelter registry application, call the Emergency Management office at (352) 343-9420. Mail the completed application to Lake County Emergency Management, 315 W. Main St., room 441, Tavares, FL 32778.

How will I know my application has been received?

Upon completion of the public-shelter registry application, the Emergency Management office will mail out a letter to all applicants of the program. If at any time changes occur to your place of residence or contact numbers, please call the Emergency Management office at (352) 343-9420 to make appropriate changes to your public-shelter registry information.

When should I shelter at a County facility?

If a resident lives in a manufactured home or low-lying area and has not made evacuation plans with family members or friends, sheltering at a County facility is recommended. Due to the lack of comfort at a County facility, residents are encouraged to seek shelter at a site-built home of family or friend before locating to a County shelter.

What will the accommodations be like at a County public shelter?

While Lake County's shelters are high on safety, residents may tend to find the comfort level more accommodating in a site-built home of a family member or friend. Public shelters do not have beds or shower facilities.

When will Emergency Management officials contact me?

After successfully completing the public-shelter registry registration process, you will be contacted in the event of an emergency. A prerecorded message will advise you to prepare and activate your family disaster plan. If you have not made personal evacuation measures or have not secured an alternate sheltering location with a family member or friend, sheltering at a County facility is a temporary safe haven. For those who need transportation to a public shelter, a telephone number will be provided.

Can I bring my pet to a County public shelter?

All of Lake County's primary shelters accept pets. Pets must be brought in a carrier that is marked with the owner's name, address and two phone numbers. Owners must have documentation of up-to-date rabies vaccinations for their pets. Owners are responsible for taking care of their pets. It is recommended pet owners bring minimal pet supplies, such as food and water, to a County public shelter.

STAYING INFORMED DURING AN EMERGENCY

During a hurricane, staying advised of weather reports and information from the Lake County Emergency Operations Center (EOC) is essential for your family's safety.

If emergency personnel recommend that you evacuate your home because of an oncoming hurricane, you should follow their instructions. To learn of important notices, monitor radio and television reports. Listed below are some of the links the public has to emergency information.

Telephone

The Lake County Citizens Information Line (352-253-9999) is typically staffed 24 hours a day during a hurricane to provide residents with up-to-date emergency information.

Web

The online portal for Lake County hurricane-preparedness information is www.lakecountyfl.gov, keyword: hurricane. During an emergency, this Web site is updated frequently to provide residents with important information. The Web site also features up-to-date weather information from weather-reporting stations strategically located throughout the County.

Radio

WLBE 790 AM broadcasts a remote feed from the Lake County EOC.

WVLG 640 AM and WKIQ 1240 AM broadcast pertinent information to many Lake County residents.

Z88.3 FM is the local entry point for Emergency Alert Stations (EAS).

Television

Government access stations Bright House channel 199; Florida Cable channel 4. Lake-Sumter Community College Television (Comcast cable channel 13) and LakeFront TV (Comcast cable channel 22).

Regular updates are also typically available on local television stations: NBC affiliate WESH-TV channel 2; CBS affiliate WKMG-TV channel 6; ABC affiliate WFTV-TV channel 9; FOX35 channel 35; Central Florida News 13 (Bright House Network cable only).

Newspaper

Daily newspapers that provide Lake County emergency information include the Lake Sentinel, The Daily Commercial, The Villages Daily Sun and Ocala Star-Banner.

CREATE A FAMILY-DISASTER PLAN

When a disaster strikes, there may not be much time to act. Preparing now for an emergency will give you and your family time to react safely and in a well thought-out manner. A plan of action for you and your family can go a long way toward reducing potential suffering from any type of disaster that could strike. A few tips to preparing a family-disaster plan include:

- Plans should be kept simple. The best emergency plans are those that are easy to remember.
- Plan for your pets. If you must evacuate your home, it is always best to take your pets with you.
- Be familiar with escape routes in case you need to evacuate your neighborhood. Plan several escape routes for different situations. Find the safe spots in your home for each type of disaster. Instruct household members to turn on the radio or television for emergency information.
- Select one calling point, possibly a friend or relative, where family members can contact, if they are separated from the rest of the family.
- Learn and post emergency phone numbers and information.
- Take a basic first aid and CPR class.
- Stock a disaster-supply kit.
