Had a lengthy conversation with Maury Boyd today. He sent the attached files requesting that we make the appropriate adjustments to the land use and transportation network plans. These should be a point of discussion as the comments are compiled for the final submittal.

Two pages-Sector Map and enlargement showing the additional preserve area. Ownership is a governmental agency--unknown.

Additionally shown is the right-of-way to the park owned by the Lake County Water Management Dist. I recall 60 feet wide and runs from Marsh Road to the park. Also there is a recent parking area bought. Maury
