COMING SOON: NEW RESIDENTIAL CURBSIDE COLLECTION PROGRAM

Single stream recycling and automated/semi-automated trash collection is coming to unincorporated Lake County this fall. The new 1-1-1 residential curbside collection program provides once-per-week trash collection, once-per-week recycling collection and once-per-week yard waste collection.

ADVANTAGES OF NEW 1-1-1 PROGRAM:

1. Carts are aesthetically pleasing and easy to handle.
2. Reinforced lids help keep wildlife out of your trash.
3. Recycling is easier. All recyclables go in one bin—no need to sort!
4. Automated/semi-automated trash collection increases safety for service providers.

For more information, please contact us at **garbagecollection@lakecountyfl.gov**, visit **www.LakeCountyFL.gov/GarbageCollection** or call 352-343-3776.

CART SELECTION: THE CHOICE IS YOURS!

You can choose the size of carts that best suit your needs and they will be delivered at no charge. The trash and recycling carts come in three sizes. Each residence will be surveyed to determine what size carts are preferred. Remember when selecting your cart size that recycling is easier than ever before. The more you recycle, the less that needs to be spent on the disposal of the trash.

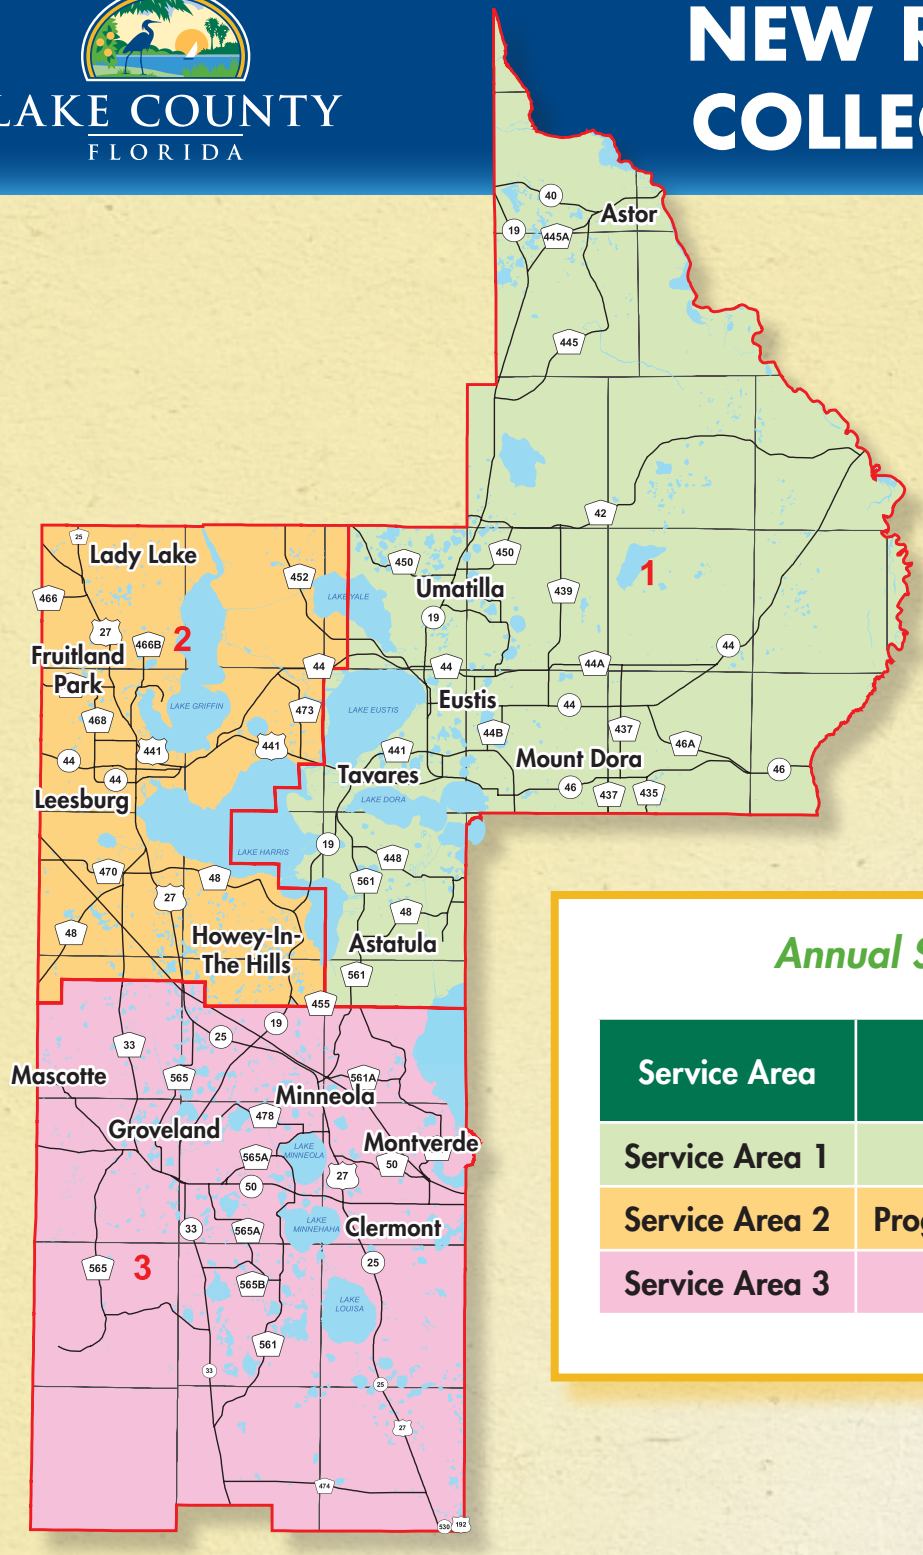
NEW RESIDENTIAL CURBSIDE COLLECTION SERVICE AREAS



1-1-1: WHAT WILL MY COSTS BE?

Residents' annual solid waste collection and disposal fees vary by service area and are listed below. Please see the map to determine the service area in which you reside. Residents of Homeowners Associations that opt-out of the new 1-1-1 program for the twice-per-week (2-1-1) trash collection will see higher fees. Here is a comparison of costs:

Annual Solid Waste Collection and Disposal Fees

Service Area	Service Provider	1-1-1 Program	Communitywide 2-1-1
Service Area 1	WCA	$176	$222
Service Area 2	Progressive Waste Solutions	$168	$207
Service Area 3	Waste Pro	$189	$231
