ADDENDUM NO. 3

Addendum Date: May 1, 2014
Request for Proposals ITB 14-0213

COLLECTION AND DISPOSAL OF WASTE FOR VARIOUS COUNTY FACILITIES

It is the vendor's responsibility to ensure their receipt of all addenda, and to clearly acknowledge all addenda within their initial bid response. Acknowledgement may be confirmed either by inclusion of a signed copy of this addendum with the initial bid response, or by completion and return of the addendum acknowledgement section of the solicitation. Failure to acknowledge each addendum may prevent the bid from being considered for award.

This addendum CHANGES the date for receipt of bids or proposals to May 14, 2014.

The purpose of this addendum is to provide additional clarifications on the part of the County:

Addendum Item A: Section 7 (Equipment and Operations) of the scope of work is hereby amended to read:

7. EQUIPMENT AND OPERATIONS

The County reserves the right to visit the facilities of all interested contractors and observe their equipment proposed for use and their operational methods. These site visits will be coordinated with the appropriate representative(s) from each of the interested contractors. Any contract entered into by the County may contain provisions regarding equipment weight, leak proofing, and similar performance standards.

Equipment used shall not exceed a seven (7) year life cycle. Exceptions in that regard may be considered on a case-by-case basis by the County with the County's resulting determination being considered final in nature. Worn out and/or rusted front load containers shall not be utilized. Containers shall be kept in a sanitary manner and free from holes, rust or any other defect that could potentially allow spillage of leachate.

Addendum Item B: Vendors are advised that effective October 1, 2014, all firms or persons engaged in the collection of solid waste in the unincorporated area of Lake County will be required to have a non-exclusive franchise issued by Lake County. The successful bidder on this proposal will be required to obtain such a franchise. Franchise applications will be available beginning in June, 2014 for the time period beginning on October 1, 2014. Regulations regarding such commercial franchises are contained in a proposed Lake County ordinance to be heard for final approval on May 6, 2014. There is an annual franchise fee involved with obtaining such a franchise, which currently is proposed to be \$1,000.00 per year. The proposed ordinance may be reviewed on the Lake County Attorney's page at www.lakecountyfl.gov

The bid due date for this solicitation has been extended to May 14, 2014 to allow time for vendors to consider the final decision in this regard and to base their initial bid pricing in consideration of the final decision.

Acknowledgement of receipt and understanding of this addendum:
