ADDENDUM NO. 1 **February 21, 2014**

ITB 14-0619 **OIL AND LUBRICANTS**

It is the vendor's responsibility to ensure their receipt of all addenda, and to clearly acknowledge all addenda within their initial bid or proposal response. Acknowledgement may be confirmed either by inclusion of a signed copy of this addendum with the initial bid or proposal response, or by completion and return of the addendum acknowledgement section of the solicitation. Failure to acknowledge each addendum may prevent the bid or proposal from being considered for award.

This addendum does not change the date for receipt of bids or proposals.

Questions regarding this solicitation were due February 19, 2014. The purpose of this addendum is to address the questions received and to supplement the Pricing Section as noted.

Question 1: Is there a certain grade/viscosity (or can you tell me what they currently use) for bid item #43 Synthetic Compressor Oil? In Section 2, Statement of Work, it indicates ISO 100 – is that correct for this item?

Answer 1: For item #43, Synthetic Compressor Oil, the viscosity should be SAE 30/40.

Question 2: Is there a certain grade/viscosity (or can you tell me what they currently use) for bid item #44, Therma Oil?

Answer 2: There is no grade/viscosity criteria for item #44, Therma Oil.

Question 3: Is there a certain grade/viscosity (or can you tell me what they currently use) for bid item #45, Mineral Oil?

Answer 3: For item #45, Mineral Oil, the grade will vary depending on use from 15 to 40. Accordingly, if additional spaces are required to price this item, vendors are instructed to use Attachment 1 of this Addendum. Any additional pricing submitted in Attachment 1 should be included in the Grand Total on page 33 of original ITB document.
