The CONTRACTOR shall give the COUNTY written notice of the event as soon as possible, but in no event later than twenty-four (24) hours after the occurrence of the emergency. If the COUNTY determines that a change in the contract documents is required because of the action taken in response to an emergency, a change order will be issued to document the consequences of the changes or variations. If the CONTRACTOR fails to provide written notice within the twenty-four (24) hour limitation noted above, the CONTRACTOR shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the contract amount or an extension to the contract time.

6.7 Safety.

A. The CONTRACTOR shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the work and for complying with all requirements of the Occupational Safety and Health Administration (OSHA) and any other industry, federal, state or local government standards, including the National Institute of

Should there be safety and/or health violations, the COUNTY shall have the authority, but not the duty, to require the CONTRACTOR to correct the violation in an expeditious manner. All costs associated with clean-up and debris removal shall be included in the lump sum price stated elsewhere herein. The CONTRACTOR must have ample cleaning supplies and a working vacuum cleaner on-site for clean-up. At no time shall the CONTRACTOR use COUNTY cleaning supplies or equipment. Upon final completion, the CONTRACTOR shall thoroughly clean-up all areas where work has been involved as mutually agreed with the COUNTY'S Project Manager. If such deficiencies are not corrected as part of this process, the COUNTY shall remove the remaining debris and surplus materials and deduct the associated costs from the amount due the CONTRACTOR.

F. CONTRACTOR shall confine all equipment, materials and operations to the project site and areas identified in the Contract documents. CONTRACTOR shall assume all responsibility for any damage to any such area resulting from the performance of the work.

G. CONTRACTOR is responsible for notifying the COUNTY of any hazardous materials used on the work site and providing the COUNTY a copy of the Material Safety Data Sheets. Any spillage of hazardous chemicals and/or wastes by the CONTRACTOR shall be reported immediately to the COUNTY and cleaned up in accordance with all State and Federal Regulations. The cost of cleanup of any spillage of hazardous chemicals and/or wastes caused by the CONTRACTOR shall be the sole responsibility of the CONTRACTOR and the COUNTY shall share no responsibility of these costs. A copy of the complete report showing compliance with local, state, and federal agencies shall be given to the COUNTY. If any

hazardous chemicals or conditions are discovered during the normal operation, it is the responsibility of the CONTRACTOR to immediately contact the COUNTY with a description and location of the condition.

6.8 General Inspection Requirements.

A. The CONTRACTOR shall furnish the COUNTY with every reasonable accommodation for ascertaining whether the work performed and materials used are in accordance with the requirements and intent of the contract documents. If the COUNTY so requests, the CONTRACTOR shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the CONTRACTOR shall restore the uncovered portions of the work to the standard required by the specifications. Should the work so exposed or examined prove unacceptable in the opinion of the COUNTY, the uncovering or removal, and the replacing of the covering or making good of the parts removed, shall be at the CONTRACTOR's expense. However, should the work thus exposed or examined prove acceptable in the opinion of the COUNTY, the uncovering or removing and the replacing or the covering or making good of the parts removed, shall be paid for as unforeseen work.

B. If, during or prior to construction operations, the COUNTY should fail to reject defective work or materials, whether from lack of discovery of such defect or for any other reason, such initial failure to reject shall in no way prevent the COUNTY's later rejection when such defect is discovered, nor obligate the COUNTY to final acceptance or payment, and the CONTRACTOR shall make no claim for losses suffered due to any necessary removals or repairs of such defects.

C. If, during or prior to construction operations, the COUNTY rejects any portion of the work on the grounds that the work or materials are defective, the COUNTY shall give the CONTRACTOR notice of the defect, which notice may be confirmed in writing. The CONTRACTOR shall then have five (5) calendar days from the date the notice is given to correct the defective condition. If the CONTRACTOR fails to correct the deficiency within the five (5) calendar days after receipt of the notice, the COUNTY may take any action necessary, including correcting the deficient work utilizing another contractor, returning any non-compliant goods to the CONTRACTOR at the CONTRACTOR's expense or terminating the contract. The CONTRACTOR shall not assess any additional charge(s) for any conforming action taken by the COUNTY. The COUNTY will not be responsible to pay for any product or service that does not conform to the contract specifications.

D. Should the CONTRACTOR fail to remove and renew any defective materials used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the contract requirements, within the time indicated in writing, the COUNTY shall have the authority to cause the unacceptable or defective materials or work to be corrected as necessary at the CONTRACTOR's expense. Any expense incurred by the COUNTY, whether direct, indirect or consequential, in making said repairs, removals, or renewals shall be paid for out of any monies due or which may become due to the CONTRACTOR. A change order shall be issued, incorporating the necessary revisions to the contract documents, including an

appropriate decrease to the contract amount. Such costs shall include, but not be limited to, costs of repair and replacement of work destroyed or damaged by correction, removal or replacement of the CONTRACTOR's defective work and additional compensation due the COUNTY. The CONTRACTOR shall not be allowed an extension of the contract time because of any delay in performance of the Project attributable to the exercise by the COUNTY of the COUNTY's rights and remedies hereunder. If the CONTRACTOR fails to honor the change order, the COUNTY may terminate the contract for default.

E. When the United States Government or the State of Florida is to pay a portion of the cost of construction, the work will be subject to such inspection by federal or state representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.

6.9 Project Materials and Storage.

A. Unless otherwise specified within the contract documents, all materials to be used to complete the Project, except where recycled content is specifically requested, shall be new, unused, of recent manufacture, and suitable for its intended purpose. All goods shall be assembled, fully serviced and ready for operation when delivered. In the event any of the materials supplied by the CONTRACTOR are found to be defective or do not conform to specifications: (1) the materials may be returned to the CONTRACTOR at the CONTRACTOR's expense and the contract cancelled or (2) the COUNTY may require the CONTRACTOR to replace the materials at the CONTRACTOR's expense.

B. Materials shall be placed to permit easy access for proper inspection and identification of each shipment. Any material which has deteriorated, become damaged, or is otherwise unfit for use, as determined by the COUNTY, shall not be used in the work, and shall be removed from the site by the CONTRACTOR at the CONTRACTOR's expense. Until incorporated into the work, materials shall be the sole responsibility of the CONTRACTOR and the CONTRACTOR shall not be paid for such materials until incorporated into the work. If any chemicals, materials or products containing toxic substances are to be used at any time, the CONTRACTOR shall furnish a Material Safety Data Sheet to the COUNTY prior to commencing such use.

C. All unusable materials and debris shall be removed from the premises at the end of each workday and disposed of in an appropriate manner.

6.10 Time for Completion and Extensions.

A. The CONTRACTOR shall diligently pursue the completion of the work and coordinate the work being done on the project by its subcontractors and material suppliers, as well as coordinate the CONTRACTOR's work with the work of other contractors so that the CONTRACTOR's work or the work of others shall not be delayed or impaired. The CONTRACTOR shall be solely responsible for all construction means, methods, techniques, sequences and procedures, as well as coordination of all portions of the work under the contract documents.

B. Should the CONTRACTOR be obstructed or delayed in the completion of the work as a result of unforeseeable causes beyond the control of the CONTRACTOR, and not due to the CONTRACTOR's fault or neglect, the CONTRACTOR shall notify the COUNTY in writing within twenty-four (24) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which the CONTRACTOR may have had to request a time extension.

C. If the CONTRACTOR complies with the twenty-four (24) hour notice requirement, the COUNTY shall ascertain the facts and the extent of the delay being claimed and recommend an extension to the contract time when, in the COUNTY's sole judgment, the findings of fact justify such an extension. The CONTRACTOR shall cooperate with the COUNTY's investigation of the delays by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted only for those delays which impact the CONTRACTOR's construction schedule. Extensions of contract time, if approved by the COUNTY, must be authorized by written change order.

6.11 Changes in the Scope of Work.

A. Without invalidating the contract, the COUNTY may at any time, by written change order, in accordance with the COUNTY's Purchasing Policy and Procedures, increase or decrease the scope of the work and the contract price or time may be adjusted accordingly. For changes in work requested by CONTRACTOR, the CONTRACTOR shall prepare and submit change order requests for COUNTY approval. Each change order shall include time and monetary impacts of the change, whether the change order is considered alone or with all other changes during the course of the Project. Both the COUNTY and the CONTRACTOR shall execute the change order.

B. The value of such extra work or change shall be determined by the contract unit values, if applicable unit values are set forth in this Agreement. The amount of the change shall be computed from such values and added to or deducted from the contract price.

C. If the COUNTY and the CONTRACTOR are unable to agree on the change order for requested change, the CONTRACTOR shall, nevertheless, promptly perform the change as directed in writing by the COUNTY. If the CONTRACTOR disagrees with the COUNTY's adjustment determination, the CONTRACTOR must make a claim pursuant to the Claims and Disputes section herein, or else be deemed to have waived any claim on this matter the CONTRACTOR might have otherwise had.

D. For work not contemplated by the original Agreement, the amount of an increase shall be limited to the CONTRACTOR's reasonable direct labor and material costs and reasonable actual equipment costs as a result of the change (including allowance for labor burden costs) plus a maximum ten percent (10%) markup for all overhead and profit. In such case, the CONTRACTOR shall keep and present to the COUNTY an itemized accounting together with appropriate supporting data. In the event such changed work is performed by a subcontractor, a

maximum ten percent (10%) markup for all overhead and profit for all subcontractors' direct labor and material costs and actual equipment costs shall be permitted, with a maximum five percent (5%) markup thereon by the CONTRACTOR for all of its overhead and profit, for a total overall maximum markup of fifteen percent (15%) of the amount of changed work. All compensation due the CONTRACTOR and any subcontractor or sub-subcontractor for field and home office overhead is included in the markups listed above.

E. The COUNTY shall not be liable to the CONTRACTOR for any increased compensation in the absence of a written change order executed in accordance with COUNTY policy. The payment authorized by such a change order shall represent full and complete compensation to the CONTRACTOR for labor, materials, incidental expenses, overhead, profit, impact costs and time associated with the work authorized by such change order.

F. Execution by the CONTRACTOR of a properly authorized change order shall be considered a waiver of all claims or requests for additional time or compensation for any activities prior to the time of execution related to items included in the change order.

G. Upon receipt of an approved change order, changes in the Scope of Work shall be promptly performed. All changes in work shall be performed under the terms and conditions of this Contract.

6.12 Claims and Disputes.

A. Claims by the CONTRACTOR shall be made in writing to the COUNTY within two (2) business days, unless another provision of this Agreement sets forth a different time frame, after the commencement of the event giving rise to such claim or the CONTRACTOR shall be deemed to have waived the claim. Written supporting data shall be submitted to the COUNTY within ten (10) calendar days after the occurrence of the event, unless the COUNTY grants additional time in writing, or the CONTRACTOR shall be deemed to have waived the claim. All claims shall be priced in accordance with the section in this document entitled "Changes in Work".

B. The CONTRACTOR shall proceed diligently with its performance as directed by the COUNTY, regardless of any pending claim, action, suit, or administrative proceeding, unless otherwise agreed to by the COUNTY in writing. The COUNTY shall continue to make payments on the undisputed portion of the contract in accordance with the contract documents during the pendency of any claim.

C. Claims by the CONTRACTOR shall be resolved in the following manner: (1) Upon receiving the claim and supporting data, the COUNTY shall within fifteen (15) business days respond to the claim in writing stating that the claim is either approved or denied. If denied, the COUNTY shall specify the grounds for denial. The CONTRACTOR shall then have fifteen (15) calendar days in which to provide additional supporting documentation, or to notify the COUNTY that the original claim stands as is. (2) If the claim is not resolved, the COUNTY may, at its option, choose to submit the matter to mediation. A mediator shall be mutually selected by the parties and each party shall pay one-half (1/2) the expense of mediation. If the

COUNTY declines to mediate the dispute, the CONTRACTOR may bring an action in the County or Circuit Court sitting in Lake County, Florida.

D. Claims by the COUNTY against the CONTRACTOR shall be made in writing to the CONTRACTOR as soon as the event leading to the claim is discovered by the COUNTY. Written supporting data shall be submitted to the CONTRACTOR. All claims shall be priced in accordance with the provisions of the section in this document entitled "Changes in Work". The CONTRACTOR shall respond in writing within fifteen (15) business days of receipt of the claim. If the claim cannot be resolved, the COUNTY shall have the option to submit the matter to mediation as set forth in (C)(2) above.

E. Arbitration shall not be considered as a means of dispute resolution.

F. **NO CLAIM FOR DAMAGES OR ANY CLAIM OTHER THAN FOR AN EXTENSION OF TIME SHALL BE MADE OR ASSERTED AGAINST THE COUNTY BY REASON OF ANY DELAYS.** No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work shall relieve the CONTRACTOR of its duty to perform or give rise to any right to damages or additional compensation from the COUNTY. The CONTRACTOR expressly acknowledges and agrees that the CONTRACTOR shall receive no damages for delay. However, this provision shall not preclude recovery or damages by the CONTRACTOR for hindrances or delays due solely to fraud, bad faith or active interference on the part of the COUNTY. Otherwise, CONTRACTOR shall be entitled to extensions of the contract time as the sole and exclusive remedy for such resulting delay, in accordance with and to the extent specifically provided above.

6.13 Acceptance of the Work and Final Payment. The work delivered and services rendered under this Agreement shall remain the property of the CONTRACTOR and shall not be deemed complete until a physical inspection and actual usage of the product(s) and/or service(s) is (are) accepted by the COUNTY and shall be in compliance with the terms herein, fully in accord with the specifications and of the highest quality. Any goods and/or services purchased under this Agreement may be tested/inspected for compliance with the specifications listed.

A. **Final Inspection.** When all materials have been furnished, all work has been performed, and the construction contemplated by the contract has been satisfactorily completed, the COUNTY shall make the final inspection.

B. **Maintenance of Work.** The CONTRACTOR shall maintain all work in as-new condition until the final inspection is completed and the work is accepted by the COUNTY. All insurance shall be maintained until final acceptance by the COUNTY.

C. **Final Acceptance.** When the Project or any portion thereof, as designated by the COUNTY, is ready for its intended use, the COUNTY and any other invited parties shall make an inspection of the Project, to verify its completeness and develop a punch list of items needing completion or correction before final payment will be made. The CONTRACTOR shall have ten (10) calendar days to correct all deficiencies. An eighty dollar (\$80.00) inspection fee shall be applied for the second inspection and any required re-inspection. The COUNTY shall have the

right to exclude the CONTRACTOR from those portions of the work designated as complete after the inspection; provided, however, that the CONTRACTOR will have reasonable access for the time allotted by the COUNTY to complete or correct items on the punch list.

When the work provided for under the contract has been completely performed by the CONTRACTOR, and the final inspection has been made by the COUNTY, a final invoice will be prepared by the CONTRACTOR. The amount of this invoice, less any sums that may have been deducted or retained under the provisions of the contract, will be paid to the CONTRACTOR in accordance with Article 4 of this Agreement, and after the CONTRACTOR has agreed in writing to accept the balance due, as determined by the COUNTY, as full settlement of the account under the contract and of all claims in connection therewith. Occupancy by the COUNTY alone does not constitute final acceptance.

D. **Waiver of Claims.** The CONTRACTOR's acceptance of final payment shall constitute a full waiver of any and all claims by the CONTRACTOR against the COUNTY arising out of the contract or otherwise related to the project, except those previously made in writing and identified by the CONTRACTOR as unsettled at the time the final estimate is prepared.
