Section 1.3: Method of Award

Unless restricted as noted below, award of the initially identified project will be made to the technically acceptable firm that submitted the lowest price for that project. To be considered technically acceptable, a vendor should meet the following qualifications:

- Vendor must have been regularly and successfully engaged in these services for a minimum of five (5) years.

- Vendor, or employee of vendor, shall maintain an active Low Voltage Contractors License certification (ES).
- Expressed understanding of the services required by the County
- Reports from direct and indirect references
- Responsiveness and completeness of the written proposal to these instructions with regards to the Scope of Services.
- Vendor must be certified to provide extended warranties (10 year minimum) by several cabling equipment manufacturers, specifically to include the equipment being specified by the County for the specific initial project described in this solicitation.

The initially selected vendor, and those vendors deemed to meet the stated qualifications, but not submitting the lowest price for the initial project, will then constitute the “vendor pool” that will be solicited for subsequent quotations for future specific projects within the scope of this document. When such specific purchases are initiated, all vendors within the established “pool” will be requested to offer a fixed price for the specific project. The vendor offering the lowest fixed price, or best overall value, for each project, shall be awarded that specific purchase.

The County reserves the right to utilize purchasing procedures other than the process described above when such action is determined to serve the best interest of the County. The County makes no guarantee of purchasing at any specified monetary level under the contract resulting from this solicitation.

The County reserves the right to restrict the number of vendors initially included under this contract on a best qualification basis, or relative price basis considering the pricing proposed for the initial project, when such action serves the best interest of the County.

Section 1.4: MANDATORY Pre-Proposal Conference / Site Visits

A mandatory pre-proposal conference and site visit will be held on March 5, 2015 at 10:00 AM at 350 N. Sinclair Avenue, Tavares, Florida 32778 to discuss the special conditions and specifications included within this solicitation, and view the site conditions pertaining to the initial infrastructure project.

The vendor’s offer cannot be considered if a representative from that vendor’s firm fails to attend this mandatory pre-proposal conference within fifteen (15) minutes of the scheduled starting time.

Vendors are advised to bring proper equipment (ladder, measuring tape, etc.), as needed, for the proper review of this area, as additional site visits shall not be allowed.

Vendors are requested to bring this solicitation document to the conference, as additional copies may not be available.

Section 1.5: Term of Contract – Twelve (12) Months

This agreement shall commence on the first calendar day of the month succeeding approval of

the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice to Award Letter distributed by the County's Procurement Office; and is contingent upon the completion and submittal of all required pre-award documents. The performance period under this contract shall remain in effect for five (5) years provided that the services rendered by the vendor(s) during the contract period are satisfactorily, and the County funding is available as appropriated on an annual basis, and then contract will remain in effect until completion of the expressed and/or applied warranty period.

Prior to, or upon completion, of the initial term of this contract, the County shall have the option to renew this contract for four (4) additional one (1) year period(s). Prior to completion of each exercised contract term, the County may consider an adjustment to price based on changes as published by the U.S. Department of Labor, Bureau of Labor Statistics (<http://www.bls.gov>), CPI and Wage and Benefits Calculators. It is the vendor's responsibility to request any pricing adjustment in writing under this provision. The vendor's written request for adjustment should be submitted thirty (30) calendar days prior to expiration of the then current contract term. The vendor adjustment request must clearly substantiate the requested increase. The written request for adjustment should not be in excess of the relevant pricing index change. If no adjustment request is received from the vendor, the County will assume that the vendor has agreed that the optional term may be exercised without pricing adjustment. Any adjustment request received after the commencement of a new option period shall not be considered.

The County reserves the right to reject any written price adjustments submitted by the vendor and/or to not exercise any otherwise available option period based on such price adjustments. Continuation of the contract beyond the initial period, and any option subsequently exercised, is a County prerogative, and not a right of the vendor. This prerogative will be exercised only when such continuation is clearly in the best interest of the County.
