ADDENDUM NO. 1

Date: February 10, 2016

Request for Proposal (RFP) 16-0209

Medical Center Services for Participants of the Lake County Health Plan

It is the vendor's responsibility to ensure their receipt of all addenda, and to clearly acknowledge all addenda within their initial bid response. Acknowledgement may be confirmed either by inclusion of a signed copy of this addendum with the initial bid response, or by completion and return of the addendum acknowledgement section of the solicitation. Failure to acknowledge each addendum may prevent the bid from being considered for award.

This addendum DOES NOT change the date for receipt of bids or proposals.

The purpose of this addendum is to provide confirming information, and answers to various vendor questions, resulting from the mandatory pre-proposal conference held February 9, 2016. **The current due date remains in effect unless specifically changed via formal addenda.** A copy of the attendee list for the conference has been placed on the County website page for this RFP.

A. The pre-proposal conference commenced with provision of an agenda containing questions and answers received prior to the conference (copy attached), and with the following matters being confirmed:

1. Proposals are due February 24, 2016 at 3:00 PM.

2. The pre-proposal conference was mandatory in nature.

3. The purpose stated in provision 1.1, and the goals of reducing costs while maintaining excellence in services, were confirmed.

4. Evaluation criteria stated in provision 13 confirmed.

5. Insurance requirements stated in provision 1.8 addressed and confirmed.

6. Provisions 1.13 and 1.14 regarding delivery and content of proposals confirmed, with reminder to ensure Scope of Services Form in the electronic response is provided in Word format.

7. Attachment content and posting formats confirmed.

8. February 15th was established as a deadline for further questions (all to be submitted in writing to the contracting officer).

B. The Scope of Services and Scope of Services Form were then addressed in detail with the following additional questions and answers being addressed in that process:

Question: Is there a current health savings plan in effect?
Answer: No

Question: Are costs for services to be processed through the health plan?
Answer: "Yes" under the local provider model, "no" under the management company model.

Question: Does the reference to a 2000 sq ft facility reflect a minimum?
Answer: No

Question: How will the construction or lease costs of a facility be evaluated?
Answer: The RFP allows for a wide range of proposals. Vendors are to exercise their judgement in responding. The County will evaluate responses on a best value basis.

Question: Has the County identified a specific existing facility for the service?
Answer: No

Question: Does the County require more than one service location?
Answer: The RFP is non-restrictive in nature. Employee locations and densities are a factor as confirmed in the evaluation criteria.

Question: Will prescription dispensing be required at the facility?
Answer: The RFP is non-restrictive in nature. This is to be determined on a best value basis.

Question: Should vendors propose a cost for fire fighter annual physicals?
Answer: Yes

Question: Is an MD required?
Answer: Yes, but not necessarily full-time on-site. Direction in this regard is stated in the RFP.

Question: Are pre-employment physicals and drug testing within the scope of services?
Answer: Yes

Question: Are annual physicals in the scope?
Answer: No

Question: Should the vendor provide for pre-employment and annual physicals for County employees to include fire fighters, and what vendor currently provides those services?
Answer: Yes, Lifescan is the vendor for the fire fighter physicals. CentraCare is the County's primary provider of initial workers comp services and would continue to be so during those hours for which the clinic is not open. It is noted that requirements for drug-testing services are limited in nature. The County currently only provides pre-employment physicals for fire fighters and a very limited number of safety sensitive positions. General County employees do not receive annual physicals.

Question: Is workers compensation service included in the scope?
Answer: Yes, to a limited degree for the services specifically stated in the RFP.

Question: Does the County intend for incentives to promote use of the facility?
Answer: Various options are under consideration. Vendors are welcome to make suggestions in that regard.

Question: Can greater claim detail be provided?
Answer: Currently available information is stated in the RFP.

Question: Is there a wellness program in place?
Answer: Yes, but to a relatively minor degree. Vendors are welcome to make suggestions in that regard.

Question: Can the County break out the claim information to designate PPO and HPO utilization?
Answer: No

Question: Can the County provide a claims run on workers compensation services?
Answer: Yes, information has been posted to the webpage for the RFP is attached hereto. It is confirmed that any workers compensation action under this RFP will be for new incidents.

LAKE COUNTY
FLORIDA

AGENDA FOR PRE-PROPOSAL CONFERENCE

RFP 16-0209: Medical Center Services for Participants of the Lake County Health Plan

1. Sign-in sheets completed

2. Vendor registration (to ensure notice of addenda/participate in future procurements)

http://www.lakecountyfl.gov/departments/fiscal_and_administrative_services/procurement_services/doing_business_in/

Note: an addendum will be issued confirming content of this conference

3. RFP Overview:

   - 1.1 General purpose
   - 1.2 Procurement Contact
   - 1.3 Evaluation Criteria
   - 1.5/1.6 Contract Term
   - 1.8 Insurance (note project-specific professional liability)
   - 1.13 Proposal content and structure (Tab C for completed Scope of Services response Form)
   - Section 2.0: Scope of Services (to be discussed separately)
   - Section 4: Addenda confirmation, certifications, and signature
   - Section 5: Attachments 1-4 (Profile Form, Scope of Services Form, Utilization report, Census)

4. Scope of Services review

5. Scope of Services Form review

6. Responses to Questions Received to Date (list attached)

7. Question/Answer Session (further questions to be received in writing nlt February 15th)

8. Thank you for your interest and participation

Responses to Questions Received to-Date

Question 1: Will you please provide a breakdown of de-identified Medical and Prescription claims data for the last 1 to 2 years?
Answer 1: The 2 year details on claims utilization can be found in Attachment 3 Medical and Pharmacy Utilization Report.

Question 2: Has a facility been identified? If so, can you provide the layout, square footage and location?
Answer 2: No. Attachment 2 Scope of Services Form has a question that asks the proposer to identify the facility site. In addition, the proposer is to respond to the questions about the startup costs and annual costs for a 2,000 square foot facility.

Question 3: Is the County open to providing primary care services to employees or must they maintain a PCP outside of the clinic?
Answer 3: The services requested in the RFP can be found in Section 2 Statement of Work and include primary care services.

Question 4: Do you have HDP members that would be required by federal law to submit a copay for sick visits?
Answer 4: The County does not have a high deductible health plan. The Statement of Work does include a provision that the proposer is to have the capability to accept member co-pays and fees for services rendered.

Question 5: Do you have a preference with respect to staffing the clinic with midlevel (NP/PA) providers, physicians, and nurses or would it be up to the contractor? Related to that, what do you expect the daily visit volume to be?
Answer 5: Staff members are to include a Board certified physician and can include Physician Assistants and/or Advanced Registered Nurse Practitioners. The staff members, their hours worked per week, and the expected visits per year are to be included in the applicable questions on the Attachment 2 Scope of Services Form.

Question 6: What are the desired operating hours for the Medical Center Services.
Answer 6: Hours of operation are to be flexible and set to meet the needs of the members. The expected hours per week are to be included in the applicable question on the Attachment 2 Scope of Services Form.

Question 7: The outline of services to be considered states… "The County will consider proposals based on the following models: - operation and administration by a management company of an onsite health facility to be established by Lake County government, or - provision of services by established local providers of medical services". Is the interpretation here that only local providers will be considered? Concentra operates onsite medical centers and free-standing Urgent Care centers nationally, however, our closest sites to Lake County would be Jacksonville, FL and West Palm Beach, FL. Would this disqualify our bid option? Thank you.
Answer 7: The RFP is structured to allow for consideration of various approaches. It appears your inquiry is addressed within the context of the first section of the scope of work within the RFP.

Question 8: On p. 15 of the RFP, there is an entry under the "Local Provider Model" heading that reads "Visits will be billed as a claim through the County's health plan." QuadMed typically bills based on health and wellness center staff salaries, supplies (billed on a pass-through basis) and a management fee. Does the County require the vendor to bill a claim through its health plan?
Answer 8: If the County chooses to operate a management company model where we operate the facility, the claims would not be billed through the health plan. If a patient centered home model is chosen, claims would be billed through the health plan.

Question 9: Do you have the number of spouses vs. children (2700 members – 1207 employees = 1493 spouses/dependents)
Answer 9: Available Information is provided in Attachment 4 (Census)

Question 10: What is the average hourly wage for the employees?
Answer 10: Approximately $16.48 per hour.

Question 11: What type of Occupational Health services are needed? Will the health center services vendor only be expected to provide point of injury triage? Is there an expectation to coordinate with the workers compensation insurance carrier?
Answer 11: Worker's compensation injury triage and minor treatment. This may be coordinated with the carrier but unlikely since the County is self-insured for WC. Other OC Health Services would include some pre-employment physicals for a limited number of County positions, limited drug and alcohol testing, and possibly Firefighter Annual physicals.

Question 12: Are detailed medical claims available?
Answer 12: Available information is provided in Attachment 3 (Utilization report)

Question 13: Is a zip code file of the employees available to help determine location?
Answer 13: Included within Attachment 4 (Census)

Question 14: What percentage of the employee population complete biometric screenings / HRAs? Are there any incentives around completion of these screenings?
Answer 14: Currently less than 10%. Incentives are not currently offered but may be offered in the future as part of a wellness program or in the form of premium discounts.

Question 15: What types of wellness programs and incentives currently exist?
Answer 15: Annual wellness screening by BCBS. Flu shots.

Question 16: Will the County be directly leasing the facility where the clinic will be located or is it expected that the vendor will lease it (and as such, ought to include in its cost structure for running the clinic)?
Answer 16: The RFP is structured to allow for consideration of various approaches.

Claim LOB Code	Event Cause Code	Event Cause Desc	Claim Type	Date of Injury/Loss	Paid Sum	Incurred Sum	Claim Status	Description of Injury/Loss
WC	85	Struck or Injured By - Animal or Insect	M	8/30/2013	$183.00	$183.00	C	Wrist (LT): while picking up a limb to put into the chipper, something bit or stung the IW's hand. It is quite painful and starting to swell. It gets numb.
WC	79	Struck or Injured By - Object Being Lifted or Hand	M	1/11/2012	$5,063.94	$5,063.94	C	Chin, Throat: per the IW, he was doing physical training when 220 lb weight fell and hit him in the chin and then his throat causing trauma to his throat.
WC	30	Fall, Trip or Slip - Slipped, Did Not Fall	LT	1/11/2012	$1,204.43	$1,204.43	C	Leg (RT): the IW slipped on wet wooden dock and pulled muscle in right leg.
WC	90	Misc Causes-Other Than Physical Cause-incl stress	M	1/13/2012	$0.00	$0.00	C	Back: the IW went to Dr. Santi's office on duty. Per Lake County Public Safety, and Human Resources for yearly physical and fit for duty. Letter from Dr. Santi's office, he needs to see Neurosurgical doctor and his white blood cells county is up. Needs to be followed up and not fit to duty.
WC	79	Struck or Injured By - Object Being Lifted or Hand	M	1/22/2012	$808.17	$808.17	C	Finger (RT, Index): the IW stated IV apparently had not slid completely into the protective covering. While placing the lock onto the IV cath, the tip of the needle poked her finger. When she removed her glove, she noted the inside of the globe covered in blood.
WC	57	Strain or Injury By - Pushing or Pulling	M	2/2/2012	$1,556.95	$1,556.95	C	Back (lower, middle): while at a departmental training, the IW was descending a ladder head first. from a second story window. While descending, he felt an acute onset of pain and a tearing sensation in the lower right side of his back. His Lieutenant was notified and after attempts to continue the training, the pain and throbbing increased to the point he could not longer continue any of the evaluation.
WC	85	Struck or Injured By - Animal or Insect	M	2/3/2012	$487.97	$487.97	C	Neck, Arm, Shoulder (LT): the IW went to move horse from his stall. She took him by his arm and he jerked up, took off and knocked her down.
WC	56	Strain or Injury By - Lifting	M	2/6/2012	$607.57	$607.57	C	Abdomen: lifting bin the IW experienced abdominal and groin pain.
WC	85	Struck or Injured By - Animal or Insect	M	1/30/2012	$264.55	$264.55	C	Back (lower): spider bit the IW in middle lower back.
WC	90	Misc Causes-Other Than Physical Cause-incl stress	M	2/10/2012			C	Hear: during a training exercise, the IW was playing a victim. He was on SCBA and began to become anxious and his heart rate elevated. His heart rate continued to be elevated after being taken from exercise.
WC	56	Strain or Injury By - Lifting	M	2/10/2012	$546.50	$546.50	C	Arm (RT): lifting 4x4 ft concterte slab. the IW heard about 2-3 snaps in right elbow area upper side near bispet.
WC	53	Strain or Injury By - Twisting	M	2/16/2012	$1,022.17	$1,022.17	C	Wrist (LT): during a training evolution, the IW was exiting the second story of a building using the head first ladder bail out maneuver. His wrist was twisted back, he was following instructions. FF Stabb was the instructor and was notified immediately.
WC	90	Misc Causes-Other Than Physical Cause-incl stress	M	2/17/2012	$0.00	$0.00	C	Cardio: the IW was training and experienced chest pain.
WC	33	Fall, Trip or Slip - On Stairs	M	2/29/2012	$2,125.54	$2,125.54	C	Knee (LT): the IW had knee injury due to slip on stairs at working structure fire.
WC	29	Fall, Trip or Slip - On Same Level	M	2/29/2012	$2,324.78	$2,324.78	C	Nose, Wrist (RT), Ankle (LT): the IW fell (stub toe which caused fall).
WC	19	Cut,Puncture,Scrape-NOC-Misc	M	3/2/2012	$346.57	$346.57	C	Finger (LT): the IW cut finger on side pillar of van.

WC	90	Misc Causes-Other Than Physical Cause-incl stress	M	3/8/2012	$2,695.56	$2,695.56	C	Heart: while in training, the IW started having palpitations and his heart started to race and feel irregular. He started feeling light headed so his blood pressure was taken and it was 70/45. He then was taken by the training dept. to the ER.
WC	53	Strain or Injury By - Twisting	M	3/22/2012	$2,073.86	$2,073.86	C	Back (lower): going under low profile prop while blacked out with full gear, the IW twisted his lower back causing pain.
WC	12	Caught In/Between - Object Handled	M	1/12/2012	$188.56	$188.56	C	Finger (LT, ring): after entering 16674 (Ford Semi), the IW tried to close door by pulling on grab bar. His hand slipped and caught inside door handle with first knuckle of left ring finger. Felt pulling or strain from finger to inside of elbow.
WC	57	Strain or Injury By - Pushing or Pulling	M	3/21/2012	$1,634.01	$1,634.01	C	Neck, Shoulder (LT): the IW was descending out of a second story window via the bottle rap technique during training. About halfway down, he felt a surge of intense pain and cramping in the area of his left shoulder, radiating to the left side of neck. As soon as he reached the ground, he was unable to use his left arm in any way and had to receive help from other firefighers to remove his SCBA.
WC	57	Strain or Injury By - Pushing or Pulling	M	3/15/2012	$2,258.93	$2,258.93	C	Shoulder (RT): while starting a hand blower, blower became loose while, the IW pulling rope, it caused a sharp pain in right shoulder which has not gone away.
WC	90	Misc Causes-Other Than Physical Cause-incl stress	M	3/22/2012	$5,266.80	$5,266.80	C	Head: the IW was returning from a meeting at the Judicial Center, when she stopped to donate blood at the blood bank bus that was parked near the parking garage. She left the bus about 11:40 am and headed back to work at the County Administration building. While she was waiting for the light to change, she fainted, falling backward hitting her head on the pavement. Soon after, someone asked if she was ok.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	4/13/2012	$595.25	$595.25	C	Exposure: the IW assisted EMS with the treatment of a patient in his home obtaining vitals and assisting him to the stretcher. Then, the transport unit notified on 4/14/12 of possible exposure to Miningitis.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	4/13/2012	$585.25	$585.25	C	Exposure: the IW assisted EMS with the treatment of a patient in his home obtaining vitals and assisting him to the stretcher. Then, the transport unit notified on 4/14/12 of possible exposure to Miningitis.
WC	17	Cut-Puncture-Scrape-Object Being Lifted or Handle	M	4/17/2012	$607.82	$607.82	C	Hand (RT): lifting up plywood at station 53 and a nail go into the IW's hand.
WC	60	Strain or Injury By - Miscellaneous	M	4/18/2012	$419.67	$419.67	C	Knee (LT): the IW was helping mow county property in Lake Mack. He was using a rental mower cutting tall weeds. He cannot experience specific cause, but later that afternoon, the left knee started hurting.
WC	85	Struck or Injured By - Animal or Insect	M	4/18/2012	$737.30	$737.30	C	Forearm (LT): while cleaning a kitten's cage, it escaped and when the IW caught it, it bit her.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	4/23/2012	$179.71	$179.71	C	Face, Eyes: walking between HCH and Cab, mist coming off pressure washer on HCH got into the IW's both eyes and started to burn also on face. She went home and washed face and eyes. This was at lunch time.
WC	87	Miscellaneous Causes-Foreign Matter(Body) in Eye	M	4/24/2012	$301.41	$301.41	C	Eye (LT): standing by compactor, when the wind blew, some type of debris into the IW's eye. It became red and irritated. Used eye wash and called supervisor.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	4/23/2012	$199.95	$199.95	C	Eye (LT): a drop of beach drooped into the IW's eye from the pressure cleaner being used on a windy day to clean historical courthouse.
WC	60	Strain or Injury By - Miscellaneous	M	4/26/2012	$1,575.69	$1,575.69	C	Chest: during physical firefighter survival training, the IW felt a sudden pain in left side of chest. He felt like a rib fracture or severe pulled muscle.

WC	77	Struck or Injured By - Motor Vehicle	M	4/30/2012	$5,017.45	$5,017.45	C	Back: while stopped on SR 44 headed west near Marshall rd, waiting for school bus to unload passengers, got hit from behind by passenger car that failed to stop. He was wearing seatbell, negative airbag deployment on vehicle.
WC	12	Caught In/Between - Object Handled	M	5/2/2012	$1,833.71	$1,833.71	C	Foot (LT): the IW was stepping down off of her chair and her foot got caught on the metal foot rest on bottom of chair.
WC	57	Strain or Injury By - Pushing or Pulling	LT	5/8/2012	$5,150.20	$5,150.20	C	Arm (LT): while jackhammering asphalt, the IW started to feel a pain in his left arm. then when he returned it to the holder on the truck, he felt a sharp pain and cannot move his arm with out pain.
WC	97	Strain or Injury By - Repetitive Motion	M	5/15/2012	$1,460.68	$1,460.68	C	Wrist, Thumb (RT): the IW has been experiencing pain in the area below her thumb and above wrist on right hand. She has problems with this hand when she uses this area of hand for pc keyboard, doors, turn keys, dressing, etc.
WC	56	Strain or Injury By - Lifting	M	5/23/2012	$592.97	$592.97	C	Back: the IW was removing a tub of mail, approx. 30lbs from a vehicle. He had to reach above her head to grab the tub, turn to her left and lower the tub to the ground. Her back tensed up and is sore.
WC	77	Struck or Injured By - Motor Vehicle	M	5/30/2012	$953.79	$953.79	C	Thigh, Arm (RT): while out on a loose cattle call, rounding up the cows into the trailer, Deputy Lucas ran into the IW with his truck. She grabbed onto the brush guard to keep from falling underneath the front of the truck. The truck hit her on her right side, bruising upper right thigh and upper right arm on the inside. The impact was enough that she had to sit down for a short time.
WC	12	Caught In/Between - Object Handled	M	6/5/2012	$1,769.14	$1,769.14	C	Fingers: (RT): while attempting to close the back door on A 20 Yard Roll off box, the IW slammed the door and failed to move fingers out of the way, as the two pieces of metal came together. They were cushioned by his finger and ring finger.
WC	90	Misc Causes-Other Than Physical Cause-incl stress	M	5/31/2012	$135.86	$135.86	C	Cardio: while doing a live fire training demo, the IW pulled a hose line to the door and charged the line. He was in full protective gear and on air at the time of the incident. Him and Ft. Hollis made entry into the training building and made the first turn to the right. He was pulling hose for Ft Hollis, when he became light headed and hands started to shake.
WC	90	Misc Causes-Other Than Physical Cause-incl stress	M	6/8/2012	$6,504.36	$6,504.36	C	Chest: shortness of breath and chest discomfort. Symptoms not brought about by strenuous activity.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	6/7/2012	$342.16	$342.16	C	Face, Neck, Back, Arms Hands: while picking up storm debris. the IW worked on Cr 46a Troon and Ponderosa. He came into contact with either poison ivy, poison oak or poison sumac. He does not know exactly where or when the exposure occured.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	5/23/2012	$731.55	$731.55	C	Exposure: while performing CPR on a patient, the IW noticed something protruding slightly from his chest. Unsure what exactly it was, whether it was bone or stitches. But noticed after the fact that the glove of his left hand was ripped, and he had a small amount of blood on his hand. Believes it was the patients blood because he had no visible break in the skin of his hand.
WC	53	Strain or Injury By - Twisting	M	6/19/2012	$1,315.14	$1,315.14	C	Forearm (RT): drilling steel, drill grabbed spinning around hitting the IW's right forearm.
WC	53	Strain or Injury By - Twisting	M	6/4/2012	$652.60	$652.60	C	Hand (RT): Using 1/2 drill, drilling in to metal, drill caught and twisted the IW's hand several times.
WC	60	Strain or Injury By - Miscellaneous	M	6/30/2012	$441.84	$441.84	C	Knees: to avoid putting pressure on right knee, the IW used left knee for kneeling to put together shelving.
WC	66	Striking Stepping Object Lifted	BLT	7/10/2012	$1,757.51	$1,757.51	C	Elbow (RT): Chipper shute slipped out of the IW's hands hitting hi right elbow.
WC	17	Cut-Puncture-Scrape-Object Being Lifted or Handle	M	7/6/2012	$333.64	$333.64	C	Finger (RT, middle): while leveling metal siding on the new fleet building, a screw head broke off causing the sheet of siding to detach from the building. The sheet dropped aprox 1" pinching the IW's middle finger between the concrete and the bottom edge of the siding sheet, causing laceration on the right middle finger.

WC	98	Miscellaneous Causes-Cumulativ	M	7/5/2012	$150.43	$150.43	C	Exposure: reactive airway disease.
WC	" "		M	7/11/2012	$1,073.51	$1,073.51	C	As he was pulling out a pump motor he felt a sharp pain in his stomach.
WC	77	Struck or Injured By - Motor Vehicle	BLT	7/26/2012	$158,765.68	$158,765.68	C	Head, Neck, Face, Wrist: while driving from station 110 to station 78, the IW was involved in a MVA. He was driving his personal vehicle and was on the clock. He was packaged and transporting via ambulance to South Lake Hosp. with head, neck, face and wrist pain.
WC	79	Struck or Injured By - Object Being Lifted or Hand	M	7/25/2012	$826.65	$826.65	C	Toe (RT): moving a food can around to clean, it landed on the IW's toe.
WC	75	Struck or Injured By - Falling or Flying Object	M	8/2/2012	$607.89	$607.89	C	Foot (RT): taking computer off of shelf, computer fell on foot.
WC	79	Struck or Injured By - Object Being Lifted or Hand	BLT	7/23/2012	$9,914.14	$13,403.75	O	Wrist (RT): while checking trucks in the morning a few weeks ago, on a clear morning, the IW went to start the PPV when the cord snagged as it sometimes does and caused it to snatch back rapidly when she was holding the T handle in right hand. It snatched her wrist abruptly. It initially hurt and felt a small pop or something, but she thought if she just worked it out, it would be okay. the IW stretched it out through the next few days and it seemed to initially not be so uncomfortable. It then began to feel worst.
WC	09	Burn or Scald - Contact With -NOC	M	8/7/2012	$216.25	$216.25	C	Elbow, Knee (LT): the IW fell over chair leg, landed on carpeted floor. She had rug burn on knee and elbow.
WC	85	Struck or Injured By - Animal or Insect	M	8/6/2012	$1,009.20	$1,009.20	C	Toe: the IW was sitting at her desk and was bitten on the toe by something. She did not see what bit her.
WC	80	Struck or Injured By - Object Handled by Others	M	8/9/2012	$650.88	$650.88	C	Forehead: Leslie Westlake was throwing a chain across to Lowboy to secure mower decks. He did not realized the IW was so close and the chain hit him above the right eye.
WC	87	Miscellaneous Causes-Foreign Matter(Body) in Eye	M	8/13/2012	$718.31	$718.31	C	Ear: ant or other insect in ear.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	8/11/2012	$213.57	$213.57	C	Exposure: with recommended PPE in place and in use, the IW was conducting on scene hazardous materials mitigation operations and made two entries into a known mercury contamination area. The IW incurred contact exposure to mercury and its associated vapors. The IW worked for approx. one hour in the known contaminated area.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	8/11/2012	$135.57	$135.57	C	Exposure: with recommended PPE in place and in use, the IW was conducting on scene hazardous materials mitigation operations and made two entries into a known mercury contamination area. The IW incurred contact exposure to mercury and its associated vapors. The IW worked for approx. one hour in the known contaminated area.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	8/11/2012	$0.00	$0.00	C	Exposure: with recommended PPE in place and in use, the IW was conducting on scene hazardous materials mitigation operations and made two entries into a known mercury contamination area. The IW incurred contact exposure to mercury and its associated vapors. The IW worked for approx. one hour in the known contaminated area.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	8/11/2012	$135.57	$135.57	C	Exposure: with recommended PPE in place and in use, the IW was conducting on scene hazardous materials mitigation operations and made two entries into a known mercury contamination area. The IW incurred contact exposure to mercury and its associated vapors. The IW worked for approx. one hour in the known contaminated area.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	8/11/2012	$135.57	$135.57	C	Exposure: with recommended PPE in place and in use, the IW was conducting on scene hazardous materials mitigation operations and made two entries into a known mercury contamination area. The IW incurred contact exposure to mercury and its associated vapors. The IW worked for approx. one hour in the known contaminated area.

WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	8/11/2012	$135.57	$135.57	C	Exposure: with recommended PPE in place and in use, the IW was conducting on scene hazardous materials mitigation operations and made two entries into a known mercury contamination area. The IW incurred contact exposure to mercury and its associated vapors. The IW worked for approx. one hour in the known contaminated area.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	8/11/2012	$201.73	$201.73	C	Exposure: with recommended PPE in place and in use, the IW was conducting on scene hazardous materials mitigation operations and made two entries into a known mercury contamination area. The IW incurred contact exposure to mercury and its associated vapors. The IW worked for approx. one hour in the known contaminated area.
WC	82	Miscellaneous Causes - Absorption-Ingestion or In	M	8/11/2012	$135.57	$135.57	C	Exposure: with recommended PPE in place and in use, the IW was conducting on scene hazardous materials mitigation operations and made two entries into a known mercury contamination area. The IW incurred contact exposure to mercury and its associated vapors. The IW worked for approx. one hour in the known contaminated area.
