Not applicable to this solicitation

Section 1.5: Term of Contract – Twelve (12) Months

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter distributed by the County's Office of Procurement Services; and contingent upon the completion and submittal of all required pre-award documents. The initial contract term shall remain in effect for twelve (12) months, and then the contract will remain in effect until completion of the expressed and/or implied warranty period. The contract prices resultant from this solicitation shall prevail for the full duration of the initial contract term unless otherwise indicated elsewhere in this document.

Section 1.6: Option to Renew for Four (4) Additional One (1) Year Period(s) (With Price Adjustment)

Prior to, or upon completion, of the initial term of this contract, the County shall have the option to renew this contract for four (4) additional one (1) year period(s). Liquid Asphalt redetermination shall be calculated on a quarterly basis. There shall be no other adjustments, including any adjustment for fuel or any other item. The following is the procedure that will be used:

Section 1.6.1: Price Redetermination – Liquid Asphalt

Due to the fluctuation of the manufacturing cost for liquid asphalt, the price charged to the County for liquid asphalt shall be adjusted (increased or decreased) quarterly. This shall be based solely upon changes as documented in the Florida Department of Transportation "Standard Specifications for Road and Bridge Construction," 2016 Edition, Section 916 Bituminous Material. All adjustments shall be determined by calculating the difference between the base index, which shall be determined at the time of the bid closing and the current index. A percentage of the difference between the indexes shall be applied to the Contractor unit price. All adjustments shall be made based on the index available on the 15th day of the month and shall be based on unrevised indexes. If for some reason the information for the current month has not been updated, the adjustment will be made from the previous month. Any increase or decrease in the contract price(s) shall only be applied to new work requests that are dated after the price adjustment. No price adjustment shall be given for a work request that has previously been issued. Adjustments shall be calculated using form 700-050-66, FDOT Contractor's Estimate Worksheet Bituminous and Polymer Material (Attachment 2). This form can also be viewed at http://www.dot.state.fl.us/construction/fuel&bit/FuelForms.shtm, select the link associated with "Lump Sum/Design Build for Bituminous".

The County reserves the right to reject any written price adjustments submitted by the vendor and/or to not exercise any otherwise available option period based on such price adjustments. Continuation of the contract beyond the initial period, and any option subsequently exercised, is a County prerogative, and not a right of the vendor. This prerogative will be exercised only when such continuation is clearly in the best interest of the County.

Under no circumstances shall the invoices be submitted to the County in advance of the delivery and acceptance of the items.

All invoices shall contain the contract and/or purchase order number, date and location of delivery or service, and confirmation of acceptance of the goods or services by the appropriate County representative.
