Section 1.4: Pre-Bid Conference / Site Visits

Not applicable to this solicitation

Section 1.5: Term of Contract – Twelve (12) Months

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter distributed by the County's Office of Procurement Services; and contingent upon the completion and submittal of all required pre-award documents. The initial

contract term shall remain in effect for twelve (12) months, and then the contract will remain in effect until completion of the expressed and/or implied warranty period. The contract prices resultant from this solicitation shall prevail for the full duration of the initial contract term unless otherwise indicated elsewhere in this document.

Section 1.6: Option to Renew for up to Four (4) Additional One (1) Year Period(s) (With Price Adjustment)

Parts:

The County shall have the option to renew this contract for an additional one (1) year on a year-to-year basis provided the vendor will maintain the original contract discount(s) from manufacturer's published price list(s). Continuation of the contract beyond the initial period is a County prerogative, and not a right of the bidder. This prerogative may be exercised only when such continuation is clearly in the best interest of the County.

Services:

Prior to, or upon completion, of the initial term of this contract, the County shall have the option to renew this contract for an additional one (1) year(s) period on a year-by-year basis. Prior to completion of each exercised contract term, the County may consider an adjustment to price based on changes as published by the U.S. Department of Labor, Bureau of Labor Statistics (<http://www.bls.gov>), Wage, Earnings and Benefits Calculators. It is the vendor's responsibility to request any pricing adjustment under this provision. For any adjustment to commence on the first day of any exercised option period, the vendor's request for adjustment should be submitted prior to expiration of the then current contract term. The vendor adjustment request must clearly substantiate the requested increase. The request for adjustment should not be in excess of the relevant pricing index change. If no adjustment request is received from the vendor, the County will assume that the vendor has agreed that the optional term may be exercised without pricing adjustment. Any adjustment request received after the commencement of a new option period shall not be considered.

The County reserves the right to reject any price adjustments submitted by the vendor and/or to not exercise any otherwise available option period based on such price adjustments. Continuation of the contract beyond the initial period, and any option subsequently exercised, is a County prerogative, and not a right of the vendor. This prerogative will be exercised only when such continuation is clearly in the best interest of the County. Should the vendor decline the County's right to exercise the option period, the County shall consider the vendor in default.

Section 1.7: Method of Payment - Periodic Invoices For Completed Purchases

The vendor(s) shall submit an invoice(s) to the County user department(s) after a purchase or service has been completed, whether the specific item(s) were picked up by authorized County personnel or delivered to the site by the vendor. In addition to the general invoice requirements set forth below, the invoices shall reference, as applicable, the corresponding delivery ticket number, packing slip number, or other acceptance document that was signed by an authorized representative of the County user department at the time the items were delivered and accepted. Submittal of these periodic invoices shall not exceed thirty (30) calendar days from the delivery

of the goods or services. Under no circumstances shall the invoices be submitted to the County in advance of the delivery and acceptance of the items.

All invoices shall contain the contract and/or purchase order number, date and location of delivery or service, and confirmation of acceptance of the goods or services by the appropriate County representative. Failure to submit invoices in the prescribed manner will delay payment, and the vendor may be considered in default of contract and its contract may be terminated. Payments shall be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, Florida Statutes.

Section 1.8: Insurance

Each vendor shall include in its solicitation response package proof of insurance capabilities, including but not limited to, the following requirements: [This does not mean that the vendor must have the coverage prior to submittal, but, that the coverage must be in effect prior to a purchase order or contract being executed by the County.]

An original certificate of insurance, indicating that the awarded vendor has coverage in accordance with the requirements of this section, shall be furnished by the vendor to the Contracting Officer within five (5) working days of such request and must be received and accepted by the County prior to contract execution and/or before any work begins.

Section 1.19: Special Notice to Vendors Regarding Federal and/or State Requirements

This purchase action could be supported in whole or in part by Federal and/or State funding if a need arises. Detailed review of all terms and conditions included in this solicitation is strongly encouraged to ensure that full compliance with all contractual requirements is considered during the solicitation response process, and throughout performance under the contract, at prime contractor and subcontractor levels. Upon award of a contract resulting from this solicitation, the vendor shall utilize the U.S. Department of Homeland Security’s E-Verify system in accordance with the terms governing use of the system to confirm the employment eligibility of:

Section 1.20 Catalogs

The vendor shall submit two (2) copy(s) of the current manufacturer's price list(s) and catalog(s) with the initial offer (CD's are acceptable). Failure to meet this requirement may result in your offer being rejected. These documents shall be in effect at the commencement of the contract and shall remain in effect for the life of the contract; unless price escalations are specifically

allowable in accordance with this contract. Discounts offered will be evaluated against these price lists and catalogs in order to determine the vendor to whom award may be made pursuant to Section 2.3 herein entitled “Method of Award”.

Upon request, the vendor shall provide additional sets of the manufacturer's product catalogs and price lists at no additional cost to the County.

SCOPE OF SERVICES

Used, recycled, or remanufactured parts shall be used only if the using department ordering approves such parts.

Emergency/Disaster deliveries may be required during non business hours. A contact person and telephone number shall be submitted with your bid.

The successful bidder(s) must possess all special hand tools and special equipment recommended by the vehicle manufacturer(s) to effectively and efficiently make repairs. The successful bidder(s) must abide by OSHA requirements and the staff assigned to the County's projects shall be ASE or factory certified.

The vendor(s) shall be required to submit a written estimate on each prospective work order under this contract before a work order for that specific project is issued. The estimate must reflect the regular hourly wages for each classification represented in this contract, and the percentage discounts or mark-ups for materials and equipment that were quoted by the vendor on its initial offer or the most current contract pricing. The estimate shall be itemized by the number of work hours per classification, and by the cost of materials and equipment. Lump sum estimates shall not be accepted. The County reserves the right to award the project based on the lowest written estimate, or to reject all estimates when such action is determined to be in the best interests of the County, and obtain the required services from another source of supply.

Unless otherwise stated in this solicitation the vendor shall furnish all labor, material and equipment necessary for satisfactory contract performance. When not specifically identified in the technical specifications, such materials and equipment shall be of a suitable type and grade for the purpose. All material, workmanship, and equipment shall be subject to the inspection and approval of the County's Project Manager.

The County hereby agrees that materials supplied by the vendor in conjunction with this contract may be maintenance certified (re-manufactured, rebuilt, or re-conditioned) as long as they are warranted for merchantability, and carry a warranty equal to new products. In the event any of the materials supplied to the County by the vendor are found to be defective or do not conform to specifications, the County reserves the right to either (1) cancel the order and return such materials to the vendor at the vendor's expense; or (2) require the vendor to replace the materials at the vendor's expense. The vendor's supplier of maintenance certified equipment should be easily identifiable to the County.

It is a vendor responsibility to ensure that the County has received the latest version of any MSDS required by 29 CFR 1910.1200 with the first shipment of any hazardous material. Also, at any time the content of an MSDS is revised, the vendor shall promptly provide a new MSDS to the County with the new information relevant to the specific material.

The County's authorized representative shall generate and issue a Work Order for each service to be performed under the contract resulting from this solicitation. The vendor(s) shall be required to supply the County's authorized representative with a written price offer within a time frame specified by the County. If multiple vendors are solicited, the County shall select the lowest price offer; provided that the price does not exceed the dollar estimate calculated by the County. If a single vendor is solicited, the price offer shall be evaluated and, if appropriate, accepted; provided that the price does not exceed the dollar estimate calculated by the County. The selected vendor's name shall then be entered on the Work Order and that Work Order will then be issued to the vendor. The Work Order shall also direct the vendor to commence work on a certain day and it shall specify the amount of time allotted for completion of work covered by the Work Order. All work covered by a Work Order shall constitute a Contract Schedule.

The vendor shall be required to furnish price lists (printed, microfiche or CD's) upon request from any County department at no charge. This price list shall provide descriptive literature, technical data and service information for items awarded. Time of delivery for these lists shall be mutually agreed upon by the vendor and the County.

If an audit inspection or examination pursuant to this section discloses overpricing or overcharges of any nature by the CONTRACTOR to the COUNTY in excess of one percent (1%) of the total contract billings, in addition to making adjustments for the overcharges, the reasonable actual cost of the COUNTY's audit shall be reimbursed to the COUNTY by the CONTRACTOR. Any adjustments and/or payments which must be made as a result of any such audit or inspection of the CONTRACTOR's invoices and/or records shall be made within a reasonable amount of time, but in no event shall the time exceed ninety (90) days, from presentation of the COUNTY's audit findings to the CONTRACTOR.
