Recommendation: Acknowledge Receipt

8. Proposed budget for the 2007/2008 Fiscal Year for the Greater Lakes Sawgrass Bay Community Development District. A public hearing to consider the adoption of this item has been scheduled for August 1, 2007, at the Marion Baysinger Memorial Library, 756, W. Broad Street, Groveland, Florida 34736.

Recommendation: Acknowledge receipt.

9. Financial Audit of Lake-Sumter Community College for the Fiscal Year Ended June 30, 2006.

Recommendation: Acknowledge receipt.

10. Request for approval to file a claim for unclaimed property on behalf of Lake County.

We have received notification from the Department of Financial Services that they are holding \$16,940.19 in unclaimed money that belongs to Lake County. These funds are from 71 accounts that include vendor overpayments, refunds, credit balances, uncashed checks and other sources. We have reviewed the listing and determined based on the information given the amounts that should be returned to the Board and Constitutional Officers. The Department of Financial Services has requested that we sign and return the claim form accompanied by a written request for payment.

The funds would be distributed as follows:

Board of County Commissioners	\$ 3,638.98
Clerk	5,062.15
Tax Collector	4,421.68
Sheriff	3,777.38
Property Appraiser	<u>40.00</u>
	\$ 16,940.19

Recommendation: Approval of request

	<p>Mount Dora Community Development District</p> <p>In accordance with Chapter 190.008 (2)(b) of the Florida Statutes, the District is required to submit to the local governing authorities having jurisdiction over the area included in the District, for purposes of disclosure and information only, the proposed annual budget for the ensuing fiscal year at least sixty (60) days prior to the public hearing.</p> <p>The District's public hearing is scheduled as follows:</p> <p>Date Thursday, August 9, 2007 Time 8:30 a.m. Place: Country Club of Mount Dora Community Center 1400 Country Club Boulevard Mount Dora, Florida</p> <p>Recommendation: Acknowledge Receipt</p>	
<p>APPROVED</p>	<p>Tab 3. Request from Budget to approve Budget Change Requests and Unanticipated Revenue and Resolutions:</p> <ol style="list-style-type: none"> 1. Budget transfer - Animal Control Sterilization Trust Fund, Department of Public Safety, Animal Services Division. Transfer \$5,500 from Reserve for Operations to Operating Supplies. Additional funds are needed in Operating Supplies. The original budget for operating supplies was an estimate prior to the clinic opening. More operating supplies are needed with the clinic now in operation. After this transfer, the balance in the Reserve for Operations account will be \$60,488. 2. Budget transfer - General Fund, Judicial Support. Transfer \$35,070 from Machinery and Equipment to Personal Services. The Public Defender is requesting to add an additional Automated System Specialist for the operation of the Public Defender Technology needs. The funds for the remainder of the year are prorated. This position has been included in the Fiscal Year 2008 budget request. Funds are available from restricted Article V technology funds carried over from Fiscal Year 2006, which are placed in Circuit Judges Technology section until needed by other judicial functions. \$818,404 was carried forward from Fiscal Year 2006. 3. Resolution No. 2007-89, amending the General Fund in order to receive unanticipated revenue for Fiscal Year 2006/2007 in the amount of \$1,489 to be deposited into Insurance Proceeds and provide appropriations for the disbursement to Office Supplies (\$290) and Machinery and Equipment (\$1,199). Insurance proceeds 	<p>FRAZIER</p>

	<p>were received as a result of an insurance claim on a stolen Animal Services laptop computer.</p> <p>4. Resolution No. 2007-90, amending the County Transportation Trust Fund in order to receive unanticipated revenue for Fiscal Year 2006/2007 in the amount of \$21,423 to be deposited into Insurance Proceeds and provide appropriations for the disbursement to Machinery and Equipment. Insurance proceeds were received as a result of a collision payment on a dump truck.</p>	
APPROVED	Tab 4. Request from Office of Budget to approve and execute the Emergency Local Government Relief Reimbursement Agreement related to debris removal from the Groundhog Day tornadoes.	FRAZIER
APPROVED	Tab 5. The Community Health Worker Program seeks board approval to accept the grant award in the amount of \$10,000.00 from the Hispanic Obesity Prevention & Education (HOPE) Program mini-grant initiative. This is contingent on review of the contract by the County Attorney. Funds must be spent or encumbered by June 30, 2007 program implementation may last through December 31, 2007. 90% of these funds will be received by check upon contract signing. Ten percent (10%) match of funds to support the project is required and can be in the form of in-kind through staff, infrastructure, community partners and resources or cash. It is also recommended that the attached Resolution No. 2007-84 , accepting the unanticipated revenue be approved.	F. SMITH
APPROVED	Tab 6. Request from Growth Management for approval and execution of a Release of Fine, Property Owner: Jerry Wayne and Robyn Ann Martin, Code Case # 2006020251 – Commission District 2.	STRICKLIN
APPROVED	Tab 7. SPECIAL
PRESENTATION

Tab 24. Presentation by Growth Management staff on the proposed Plaza Collina development. Mr. Wayne Bennett, Planning Director with Growth Management began by informing where they were at the present time with regard to approvals, and stated that what the developer had submitted were two mass grading plans, one for the east side and one for the west side, and roadway infrastructure for Plaza Collina Blvd. and Frontage Rd., and a Master Plan submittal, which includes construction plans. He stated that they were trying to work out as many of the site design and architectural design details of the Master Site Plan as possible. He said that they were also working on Master Landscape concepts, and that they had met with the developer on many occasions, and that they would have to go through a detailed site plan construction plan package for a number of areas (referred to as PODS), within the site which we have asked them to define.

He then stated that he would go through three of the areas that they had been working on with the applicant, with the first being the north side which abuts CR 50, and the South Lake Trail, which was recently opened for use. He stated that there were a number of entities that had been involved in this review process which included the City of Oakland, City of Clermont, and others who have brought up areas of concern. He mentioned that the trail would be reconstructed in one part on either side of the Plaza Collina Blvd. intersection with CR 50, and that they were trying to preserve the landscaping already there. He stated that they were going to bring an external loop off of the existing trail through the site and through the Frontage Road, bringing it west to east, and that they were recommending that Lake Avenue be closed for a portion of its length to connect the trail to Lake Avenue and CR 50, making the trail more pedestrian friendly. He stated that there would be a number of bike lanes along with the sidewalks along Plaza Collina Blvd. from SR 50 to CR 50, and that they are intended to be as bike and pedestrian friendly as they can possibly be.

Mr. Bennett stated that the total amount of commercial office space permitted under the DRI was 1.2 million square feet, the first phase was a little less than 950,000 square feet, and there were also 200 dwelling units that would be in the second phase of development. He said that there was a lot of parking associated with the commercial space, and that within the site plan there was four or five different linear pedestrian corridors that link the Frontage Road with the primary building masses, commercial space along the rear. He stated that one of the pedestrian corridors on the west side that would accommodate up to four buses at one time, and would allow people to get off the buses and get to the pedestrian facilities that run along the buildings. He stated that on either side of the site would be retail type of buildings which has an element of a lifestyle center, which provides retail opportunities, restaurants and other types of facilities there to make it a very pedestrian friendly area.

STRICKLIN

Mr. Bennett stated that this area was the Gateway to Lake County, and the Lake-Orange County line was just east of the project. It was important in terms of its appearance, function, traffic, and that major improvements to SR 50 of expanding to a six lane facility would begin soon. He showed several slide renderings provided by the applicant of potential architectural renderings of the front face facades with signage.

Commr. Renick asked where they were as far as the landscaping was concerned, and Mr. Bennett replied that they had detailed landscaping plans right now, and that they had the number of trees that would be replaced, the trees that would be protected, and the buffers for the joint LDR's. He stated that they wanted to keep a consistent look in all of the buildings, and more along the lines of a Lifestyle Center.

APPROVED	Tab 25. Public Hearing on Vacation Petition No. 1100, A. Tom Harb (Plaza Collina) and approval and execution of Resolution No. 2007-87 , and Drainage and Trail Easement – Commission District 2.	CADWELL
PUBLIC HEARING	<p>Mr. James Stivender, Jr., Director, Department of Public Works, briefly spoke about Vacation Petition No. 1100, which he stated was a drainage easement that they were seeking to eliminate from the Public Domain.</p> <p>Ms. Ceclia Bonifay, from the lawfirm of Akerman, Senterfitt, spoke on behalf of Plaza Collina, and stated that Mr. Tom Harbin, Mr. Joe Russo, with Venetian Development, and Mr. Jim Hackett with the Goodman Company, who are the two entities moving forward with Plaza Collina, and Mr. John Avion, the Engineer for the site, were present to address any technical questions regarding the right of way vacation. She stated that she would like to enter a transcript of the meeting held on May 22, 2007 regarding the right of way vacation. She stated that the owner dedicated the piece of land over to the County for the South Lake Trail and did not ask for any quid pro quo at that time. She stated that the County was getting land that has been dedicated to it previously and the instruments for future dedications to be made by this owner for the benefit of the Public, and that these rights of way were not necessary, in fact, they were creating a cloud on the title at this point and are in the way of the design and development that had been worked on together with the County to make everyone comfortable. She said that they have recommendations from both staff departments for approval of the road vacation. She stated that they had spent a number of months and a great deal of time and energy negotiating with the FDOT on the commencement of the widening of SR 50, which was pushed back in the work program and delayed even further. She stated that Mr. DeWitt had received the bid and that they were spending eight million dollars to move forward with the widening of SR 50, which fits within the DOT's overall design standards.</p>	

PUBLIC HEARING	<p>Ms. Bonifay stated that as discussed at the last meeting, they had asked for staff to bring forward a site plan for informational purposes only, and would not be subject to a Public Hearing, and did not believe that those issues have any relevance in terms of the legal criteria by which a road right of way would be judged. She requested that the Board move forward with the right of way vacation and would be willing to answer any questions.</p> <p>Ms. Diana Combs, a resident of Lake County and a registered voter, said that there was a drainage pond to the east, that there were seven entrances and exits already on SR 50 from Collina Plaza, and that there were two other entrances proposed on Lake Avenue and old Highway 50 and was concerned about traffic, specifically tractor trailer traffic on old Highway 50.</p> <p>Mr. Jim Stivender pointed to the map and interjected that the main entrance for the big box store was off SR 50, and that old Highway 50 would not be a viable route.</p> <p>Mr. Ray Goodgame, of Clermont, addressed the Board and stated that the realignment of the bicycle paths had not gone before the Bicycle/Pedestrian Advisory Committee, and thought this should have happened.</p>	CADWELL
PRESENTATION	<p>Tab 26. Presentation by Helena Osborne-Ponsi on VolunteerLake updates. Ms. Helena Osborne Ponsi, Director, spoke about the various things that Volunteer Lake does in Lake County, she stated that since she began with Volunteer Lake in August of 2006 they had been selected by Points of Light Foundation as one of 10 programs in the nation for standards of excellence. She listed the core principles as: Promoting volunteerism, connecting people with the opportunity to serve, building the capacities of local volunteer programs, and participating in strategic initiatives that mobilize volunteers from all sectors. She stated that they had given out 16 bronze, 2 silvers and 7 gold Presidential Volunteer Service Awards to individuals under the age of 25. She stated that they connect libraries with people and potential volunteers as well as the literacy programs within Lake County.</p> <p>Ms. Ponsi stated that VolunteerLake serves as a liaison to State EOC's team, and is responsible for the overall management and coordination of volunteers and donated goods and were responsible for the collection and distribution of donated materials and supplies, and during a disaster will setup and manage a disaster reception center to coordinate volunteers.</p> <p>She stated that they would be holding their 15th annual volunteer recognition reception in January.</p>	CADWELL

PRESENTATION	<p>Tab 27. Presentation by the Florida Department of Transportation on the Wekiva Parkway PD&E. Mr. Mark Callahan, FDOT gave a slide presentation on the various proposed alternatives for the Wekiva Parkway , including a bypass for SR 46 through the Plymouth Sorrento areas from US 441 to the east, the possible realignment and partial closure of 46-A, and interchange proposals connecting to toll road 417. He stated that they would be meeting some increased travel demands for population growth in the area in an environmentally sensitive and compatible manor, and reduce traffic on portions of SR 46 as well as US 441, and address some high crash and fatality issues as well as reducing the vehicle-wildlife conflicts that occur. He stated that a portion of their objective was to enhance the wildlife habitat connectivity in the Wekiva area. He stated that they had a series of meetings that were well attended, and that they were evaluating the viable alternatives to come up with a preferred alternative, seeing input, and then making a final report and recommendation in September, 2007. He said that comparative assessment of costs and impacts was ongoing and they were making refinements to the viable alternatives, along with some draft documents that were being reviewed, and would finalize them as they nail down the preferred alternative.</p>	CADWELL
APPROVED	<p>Tab 28. Request from Community Services for approval for the Board of County Commissioners to serve as the coordinator for local governments in Lake County in the Byrne memorial Justice Assistance Grant application process, signature on the “Certification of Participation” document and designation of Brenda Quattlebaum to identify and convene on behalf of the BCC any required advisory board members and meetings, the preparation of the application and/or other required documents or grant processes.</p>	F.
