## Local Government Notification

Lake County hereby provides notification that the development proposal, submitted to the St. Johns River Water Management District, known as \_\_\_\_\_ being proposed by \_\_\_\_\_, which is located in Section \_\_ Township \_\_\_\_\_ Range \_\_\_\_\_ and which consists of \_\_\_\_\_ acres has been reviewed by the local government.

After such review, all necessary final action has been taken by the local governmental entity to determine, and such determination has been made, that the proposed activity is consistent with the local comprehensive plan and is in compliance with any land development regulation in effect in the area where the development will take place.

All local governmental approvals are subject to pending final action to be taken by the St. John's River Water Management District, in the issuance of the permit allowing storm water treatment, as designed, reviewed and approved by the local governmental entity. Any alterations either by the St. John's River Water Management District or by the applicant may require modification of the locally approved plans.
