

Suggested Steps for Completion of Task 1

Solid Waste Collection System. Presentations by County staff, municipal staff and waste haulers to describe how waste is collected in Lake County; what the charges are for such collection; and who is responsible for collection and charging for such services. Total of 1-2 meetings.

Solid Waste Disposal. Presentation by County staff on the current disposal methods used for Lake County waste; waste-to-energy and landfilling, including the cost of each disposal method and the structure of the Covanta agreement. Presentation by haulers, cities or others who dispose of waste from Lake County at locations other than County designated facilities. Total of 2-3 meetings.

Recycling, Hazardous Waste and Other Solid Waste Management Programs. Presentations by County staff on the other County solid waste management programs including, but not limited to: the Recycling Program; the Hazardous Waste Management Program; the Electronics Processing Program; the Residential Drop-off Program; the Yard Waste Management Program and the Scalehouse Program. Total of 1-2 meetings.

Solid Waste Disposal, Recycling & Other Management Programs Tour. Tour of the Lake County Solid Waste Management System, including the County Central Facility in South Tavares and the Covanta Waste to Energy Facility in Okahumpka. Total of 1-2 meetings.

Suggested Steps to Complete Task 1. Total of 5-9 meetings.
